17 CFR Sections 164.504 (e)(2)(i), 164.504 (3)(2)(ii)(A), and 164.504 (e)(4)(i)] This pertains to any
18 and all persons receiving services pursuant to a SJVIA funded program. This requirement

20 information for any purpose other than carrying out the Contractor's obligations under this
21 Agreement.

22 12.4 The Contractor, including its subcontractors and employees, shall not disclose any
23 such identifying information or genetic information to any person or entity, except as otherwise
24 specifically permitted by this Agreement, authorized by Subpart E of 45 CFR Part 164 or other
25 law, required by the Secretary, or authorized by the client/patient in writing. In using or

4 limited to name, identifying number, symbol, or other identifying particular assigned to the
5 individual, such as finger or voice print, or photograph.

7 family members of an individual or individual, manifestation of disease or disorder of family
8 members of an individual, or any request for or receipt of, genetic services by individual or
9 family members. Family member means a dependent or any person who is first, second, third,
10 or fourth degree relative.

11 12.7 The Contractor shall provide access, at the request of SJVIA, and in the time and
12 manner designated by the SJVIA, to PHI in a designated record set (as defined in 45 CFR
13 Section 164.501), to an individual or to the SJVIA in order to meet the requirements of 45 CFR
14 Section 164.524 regarding access by individuals to their PHI. With respect to individual
15 requests, access shall be provided within thirty (30) days from request. Access may be
16 extended if the Contractor cannot provide access and provides individual with the reasons for
17 the delay and the date when access may be granted. PHI shall be provided in the form and
18 format requested by the individual or SJVIA.

19 (A) The Contractor shall make any amendment(s) to PHI in a designated record set

22 (B) The Contractor shall provide to the SJVIA or to an individual, in a time and
23 manner designated by the SJVIA, information collected in accordance with 45 CFR
24 Section 164.528, to permit the SJVIA to respond to a request by the individual for an
25 accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
26

1 12.8 The Contractor shall report to the SJVIA, in writing, any knowledge or reasonable
2 belief that there has been unauthorized access, viewing, use, disclosure, security incident, or
3 breach of unsecured PHI not permitted by this Agreement of which it becomes aware,
4 immediately and without reasonable delay and in no case later than two (2) business days of
5 discovery. Immediate notification shall be made to the SJVIA's Privacy Officer within two (2)
6 business days of discovery. The notification shall include, to the extent possible, the
7 identification of each individual whose unsecured PHI has been, or is reasonably believed to
8 have been, accessed, acquired, used, disclosed, or breached. The Contractor shall take prompt
9 corrective action to cure any deficiencies and any action pertaining to such unauthorized
10 disclosure required by applicable Federal and State Laws and regulations. The Contractor shall
11 investigate such breach and is responsible for all notifications required by law and regulation or
12 deemed necessary by the SJVIA and shall provide a written report of the investigation and
13 reporting required to the SJVIA's Privacy Officer. This written investigation and description of
14 any reporting necessary shall be postmarked as mailed to the SJVIA's Privacy Officer within the
15 thirty (30) working days of the discovery of the breach.

16 12.9 The Contractor shall make its internal practices, books, and records relating to the
17 use and disclosure of PHI received from SJVIA, or created or received by the Contractor on
18 behalf of SJVIA, in compliance with HIPAA's Privacy Rule, including, but not limited to the
19 requirements set forth in Title 45, CFR, Parts 160 and 164. The Contractor shall make its
20 internal practices, books, and records relating to the use and disclosure of PHI received from
21 SJVIA, or created or received by the Contractor on behalf of the SJVIA, available to the
22 Secretary upon demand.

23 12.10 The Contractor shall cooperate with the compliance and investigation reviews
24 conducted by the Secretary. PHI access to the Secretary must be provided during the
25 Contractor's normal business hours, however, upon exigent circumstances access at any time
26 must be granted. Upon the Secretary's compliance or investigation review, if PHI is unavailable

1 to the Contractor and in possession of a subcontractor, it must certify efforts to obtain the
2 information to the Secretary.

3 **12.11 Safeguards.**

4 (A) The Contractor shall implement administrative, physical, and technical
5 safeguards as required by the HIPAA Security Rule, Subpart C of 45 CFR Part 164, that
6 reasonably and appropriately protects the confidentiality, integrity, and availability of PHI,
7 including electronic PHI, that it creates, receives, maintains or transmits on behalf of
8 SJVIA and to prevent unauthorized access, viewing, use, disclosure, or breach of PHI
9 other than as provided for by this Agreement. The Contractor shall conduct an accurate
10 and thorough assessment of the potential risks and vulnerabilities to the confidentiality,
11 integrity and availability of electronic PHI. The Contractor shall develop and maintain a
12 written information privacy and security program that includes administrative, technical
13 and physical safeguards appropriate to the size and complexity of the Contractor's
14 operations and the nature and scope of its activities. Upon the SJVIA's request, the
15 Contractor shall provide the SJVIA with information concerning such safeguards.

16 (B) CONTRACTOR shall implement strong access controls and other security
17 safeguards and precautions in order to restrict logical and physical access to
18 confidential, personal (e.g., PHI) or sensitive data to authorized users only. Said
19 safeguards and precautions shall include the following administrative and technical
20 password controls for all systems used to process or store confidential, personal, or
21 sensitive data:

12 (C) The Contractor shall implement the following security controls on each
13 workstation or portable computing device (e.g., laptop computer) containing confidential,
14 personal, or sensitive data:

15 (1) Network-based firewall and/or personal firewall;

16 (2) Continuously updated anti-virus software; and

17 (3) Patch management process including installation of all operating
18 system/software vendor security patches.

19 (D) The Contractor shall utilize a commercial encryption solution that has received
20 FIPS 140-2 validation to encrypt all confidential, personal, or sensitive data stored on
21 portable electronic media (including, but not limited to, compact disks and thumb drives)
22 and on portable computing devices (including, but not limited to, laptop and notebook
23 computers).

24 (E) The Contractor shall not transmit confidential, personal, or sensitive data via e-
25 mail or other internet transport protocol unless the data is encrypted by a solution that
26 has been validated by the National Institute of Standards and Technology (NIST) as

1 conforming to the Advanced Encryption Standard (AES) Algorithm. The Contractor must
2 apply appropriate sanctions against its employees who fail to comply with these
3 safeguards. The Contractor must adopt procedures for terminating access to PHI when
4 employment of employee ends.

5 **12.12 Mitigation of Harmful Effects.** The Contractor shall mitigate, to the extent
6 practicable, any harmful effect that is suspected or known to the Contractor of an unauthorized
7 access, viewing, use, disclosure, or breach of PHI by the Contractor or its subcontractors in
8 violation of the requirements of these provisions. The Contractor must document suspected or
9 known harmful effects and the outcome.

10 **12.13 Contractor's Subcontractors.** The Contractor shall ensure that any of its
11 contractors, including subcontractors, if applicable, to whom the Contractor provides PHI
12 received from or created or received by the Contractor on behalf of SJVIA, agree to the same
13 restrictions, safeguards, and conditions that apply to the Contractor with respect to such PHI
14 and to incorporate, when applicable, the relevant provisions of these provisions into each
15 subcontract or sub-award to such agents or subcontractors.

16 **12.14 Employee Training and Discipline.** The Contractor shall train and use reasonable
17 measures to ensure compliance with the requirements of these provisions by employees who
18 assist in the performance of functions or activities on behalf of SJVIA under this Agreement and
19 use or disclose PHI and discipline such employees who intentionally violate any provisions of
20 these provisions, including termination of employment.

21 **12.15 Termination for Cause.** Upon the SJVIA's knowledge of a material breach of this
22 Article 12 by the Contractor, the SJVIA shall either:

23 (A) Provide an opportunity for the Contractor to cure the breach or end the violation
24 and terminate this Agreement if the Contractor does not cure the breach or end the
25 violation within the time specified by SJVIA; or
26

1 (B) Immediately terminate this Agreement if the Contractor has breached a material
2 term of these provisions and cure is not possible.

3 If neither cure nor termination is feasible, the SJVIA's Privacy Officer shall report the
4 violation to the Secretary.

5 **12.16 Judicial or Administrative Proceedings.** The SJVIA may terminate this Agreement
6 in accordance with the provisions of this Agreement if:

7 (A) The Contractor is found guilty in a criminal proceeding for a violation of the
8 HIPAA Privacy or Security Laws or the HITECH Act; or

9 (B) There is a finding or stipulation that the Contractor has violated a privacy or
10 security standard or requirement of the HITECH Act, HIPAA or other security or privacy
11 laws in an administrative or civil proceeding in which the Contractor is a party.

12 **12.17 Effect of Termination.** Upon termination or expiration of this Agreement for any
13 reason, the Contractor shall return or destroy all PHI received from SJVIA (or created or
14 received by the Contractor on behalf of the SJVIA) that the Contractor still maintains in any
15 form, and shall retain no copies of such PHI. If return or destruction of PHI is not feasible, it shall
16 continue to extend the protections of these provisions to such information, and limit further use
17 of such PHI to those purposes that make the return or destruction of such PHI infeasible. This
18 provision shall apply to PHI that is in the possession of subcontractors or agents, if applicable,
19 of the Contractor. If the Contractor destroys the PHI data, a certification of date and time of
20 destruction shall be provided to the SJVIA by the Contractor.

21 **12.18 Disclaimer.** The SJVIA makes no warranty or representation that compliance by the
22 Contractor with these provisions, the HITECH Act, HIPAA or the HIPAA regulations will be
23 adequate or satisfactory for the Contractor's own purposes or that any information in the
24 Contractor's possession or control, or transmitted or received by the Contractor, is or will be
25 secure from unauthorized access, viewing, use, disclosure, or breach. The Contractor is solely
26 responsible for all decisions made by the Contractor regarding the safeguarding of PHI.

1 12.19 **Amendment.** The parties acknowledge that federal and State laws relating to
2 electronic data security and privacy are rapidly evolving and that amendment of this Agreement
3 may be required to provide for procedures to ensure compliance with such developments. The
4 parties specifically agree to take such action as is necessary to amend this Agreement in order
5 to implement the standards and requirements of HIPAA, the HIPAA regulations, the HITECH
6 Act and other applicable laws relating to the security or privacy of PHI. The SJVIA may
7 terminate this Agreement upon 30 days' written notice if the Contractor does not enter into an
8 amendment providing assurances regarding the safeguarding of PHI that the SJVIA in its sole
9 discretion, deems sufficient to satisfy the standards and requirements of HIPAA, the HIPAA
10 regulations and the HITECH Act.

11 12.20 **No Third-Party Beneficiaries.** Nothing express or implied in the terms and
12 conditions of these provisions is intended to confer, nor shall anything herein confer, upon any
13 person other than the SJVIA or the Contractor and their respective successors or assigns, any
14 rights, remedies, obligations or liabilities whatsoever.

15 12.21 **Interpretation.** The provisions of this Article 12 shall be interpreted as broadly as
16 necessary to implement and comply with HIPAA, the HIPAA regulations and applicable State
17 laws. The parties agree that any ambiguity in the provisions of this Article 12 shall be resolved in
18 favor of a meaning that complies and is consistent with HIPAA and the HIPAA regulations.

19 12.22 **Regulatory References.** A reference in the provisions of this Article 12 to a section
20 in the HIPAA regulations means the section as in effect or as amended.

21 12.23 **Survival.** The provisions of this Article 12 survive the termination or expiration of this
22 Agreement.

23 12.24 **No Waiver of Obligations.** No change, waiver or discharge of any liability or
24 obligation under this Article 12 on any one or more occasions shall be deemed a waiver of
25 performance of any continuing or other obligation, or shall prohibit enforcement of any obligation
26 on any other occasion.

1 12.25 **Definitions.** For the purposes of this Article 12:

2 (A) The SJVIA's Privacy Officer is the SJVIA Manager.

3 (B) The Secretary is as defined in 45 CFR Section 160.103.

4 **Article 13**

5 **General Terms**

6 13.1 **Modification.** This Agreement may not be modified, and no waiver is effective,
7 except by another written agreement that is signed by both parties.

8 13.2 **Non-Assignment.** Neither party may assign rights or delegate its obligations under
9 this Agreement without the prior written consent of the other party.

10 13.3 **Governing Law.** The laws of the State of California govern all matters arising from
11 or related to this Agreement.

12 13.4 **Jurisdiction and Venue.** This Agreement is signed and performed in Fresno
13 County, California. Contractor consents to California jurisdiction for actions arising from or
14 related to this Agreement, and, subject to the Government Claims Act, all such actions must be
15 brought and maintained in the Fresno County Superior Court.

16 13.5 **Construction.** The final form of this Agreement is the result of the parties' combined
17 efforts. If anything in this Agreement is found by a court of competent jurisdiction to be
18 ambiguous, that ambiguity shall not be resolved by construing the terms of this Agreement
19 against either party.

20 13.6 **Headings.** The headings and section titles in this Agreement are for convenience
21 only and are not part of this Agreement.

22 13.7 **Severability.** If anything in this Agreement is found by a court of competent
23 jurisdiction to be unlawful or otherwise unenforceable, the balance of this Agreement remains in
24 effect, and the parties shall make best efforts to replace the unlawful or unenforceable part of
25 this Agreement with lawful and enforceable terms intended to accomplish the parties' original
26 intent.

1 13.8 **Nondiscrimination.** During the performance of this Agreement, the Contractor shall
2 not unlawfully discriminate against any employee or applicant for employment, or recipient of
3 services, because of race, religious creed, color, national origin, ancestry, physical disability,
4 mental disability, medical condition, genetic information, marital status, sex, gender, gender
5 identity, gender expression, age, sexual orientation, military status or veteran status pursuant to
6 all applicable State of California and Federal statutes and regulation.

7 13.9 **No Waiver.** Payment, waiver, or discharge by the SJVIA of any liability or obligation
8 of the Contractor under this Agreement on any one or more occasions is not a waiver of
9 performance of any continuing or other obligation of the Contractor and does not prohibit
10 enforcement by the SJVIA of any obligation on any other occasion.

11 13.10 **Entire Agreement.** This Agreement, including its exhibits, is the entire agreement
12 between the Contractor and the SJVIA with respect to the subject matter of this Agreement, and
13 it supersedes all previous negotiations, proposals, commitments, writings, advertisements,
14 publications, and understandings of any nature unless those things are expressly included in
15 this Agreement. If there is any inconsistency between the terms of this Agreement without its
16 exhibits and the terms of the exhibits, then the inconsistency will be resolved by giving
17 precedence first to the terms of this Agreement without its exhibits, and then to the terms of the
18 exhibits.

19 13.11 **No Third-Party Beneficiaries.** This Agreement does not and is not intended to
20 create any rights or obligations for any person or entity except for the parties.

21 13.12 **Authorized Signature.** The Contractor represents and warrants to the SJVIA that:

22 (A) The Contractor is duly authorized and empowered to sign and perform its
23 obligations under this Agreement.

24 (B) The individual signing this Agreement on behalf of the Contractor is duly
25 authorized to do so and his or her signature on this Agreement legally binds the
26 Contractor to the terms of this Agreement.

1. Required Policies

Without limiting the SJVIA's right to obtain indemnification from the Contractor or any third parties, Contractor, at its sole expense, shall maintain in full force and effect the following insurance policies throughout the term of this Agreement.

- (A) **Commercial General Liability.** Commercial general liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence and an annual aggregate of Three Million Dollars (\$3,000,000). This policy must be issued on a per occurrence basis. The Contractor shall obtain an endorsement to this policy naming the San Joaquin Valley Insurance Authority, its officers, agents, employees, and volunteers, individually and collectively, as additional insureds, but only insofar as the operations under this Agreement are concerned. Such coverage for additional insureds will apply as primary insurance and any other insurance, or self-insurance, maintained by the SJVIA is excess only and not contributing with insurance provided under the Contractor's policy.
- (B) **Automobile Liability.** Automobile liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence for bodily injury and for property damages. Coverage must include any auto used in connection with this Agreement.
- (C) **Workers Compensation.** Workers compensation insurance as required by the California Labor Code.
- (D) **Professional Liability.** Professional liability insurance with limits of not less than One Million Dollars (\$1,000,000) per occurrence and an annual aggregate of Three Million Dollars (\$3,000,000). If this is a claims-made policy, then (1) the retroactive date must be prior to the date on which services began under this Agreement; (2) the Contractor shall maintain the policy and provide to the SJVIA annual evidence of insurance for not less than five years after completion of services under this Agreement; and (3) if the policy is canceled or not renewed, and not replaced with another claims-made policy with a retroactive date prior to the date on which services begin under this Agreement, then the Contractor shall purchase extended reporting coverage on its claims-made policy for a minimum of five years after completion of services under this Agreement.
- (E) **Cyber Liability.** Cyber liability insurance with limits of not less than Two Million Dollars (\$2,000,000) per occurrence. Coverage must include, but not be limited to, claims involving Cyber Risks. The cyber liability policy must be endorsed to cover the full replacement value of damage to, alteration of, loss of, or destruction of intangible property (including but not limited to information or data) that is in the care, custody, or control of the Contractor.

Definition of Cyber Risks. "Cyber Risks" include but are not limited to (i) any act or omission that compromises either the security, confidentiality, value, or integrity of any PHI, which may include disclosure of Confidential Information or PHI (collectively, "Personal Information") to an unauthorized third party or any loss or destruction of, or any corruption or damage to, any Personal Information ("Security Breach"); (ii) any act or

2. Additional Requirements

(A) **Verification of Coverage.** Within 30 days after the Contractor signs this Agreement, the Contractor shall deliver, or cause its broker or producer to deliver, to 2220 Tulare St., 14th Floor, Fresno, CA 93721, or SJVIA-Admin@fresnocountyca.gov copies of insurance policies as produced by the broker or producer, and certificates of insurance and endorsements for all of the coverages required under this Agreement.

- (i) All insurance certificates must state that: (1) the insurance coverage has been obtained and is in full force; (2) the SJVIA, its officers, agents, employees, and volunteers are not responsible for any premiums on the policy; and (3) the Contractor has waived its right to recover from the SJVIA, its officers, agents, employees, and volunteers any amounts paid under any insurance policy required by this Agreement and that waiver does not invalidate the insurance policy.
- (ii) The commercial general liability insurance certificate must also state that: (1) the San Joaquin Valley Insurance Authority, its officers, agents, employees, and volunteers, individually and collectively, are additional insureds insofar as the operations under this Agreement are concerned; (2) the coverage shall apply as primary insurance and any other insurance, or self-insurance, maintained by the SJVIA shall be excess only and not contributing with insurance provided under the Contractor's policy.
- (iii) The automobile liability insurance certificate must state that the policy covers any auto used in connection with this Agreement.
- (iv) The professional liability insurance certificate, if it is a claims-made policy, must also state the retroactive date of the policy, which must be prior to the date on which services began under this Agreement.
- (v) The technology professional liability insurance certificate must also state that coverage encompasses all of the Contractor's obligations under this Agreement,

including but not limited to claims involving Cyber Risks, as that term is defined in this Agreement.

- (vi) The cyber liability insurance certificate must also state that it is endorsed to cover the full replacement value of damage to, alteration of, loss of, or destruction of intangible property (including but not limited to information or data) that is in the care, custody, or control of the Contractor.
- (B) **Acceptability of Insurers.** All insurance policies required under this Agreement must be issued by admitted insurers licensed to do business in the State of California and possessing at all times during the term of this Agreement an A.M. Best, Inc. rating of A:VII or greater.
- (C) **Notice of Cancellation or Change.** For each insurance policy required under this Agreement, the Contractor shall provide to the SJVIA, or ensure that the policy requires the insurer to provide to the SJVIA, written notice of any cancellation or change in the policy as required in this paragraph. For cancellation of the policy for nonpayment of premium, the Contractor shall, or shall cause the insurer to, provide written notice to the SJVIA not less than 10 days in advance of cancellation. For cancellation of the policy for any other reason, and for any other change to the policy, the Contractor shall, or shall cause the insurer to, provide written notice to the SJVIA not less than 30 days in advance of cancellation or change. The SJVIA in its sole discretion may determine that the failure of the Contractor or its insurer to timely provide a written notice required by this paragraph is a breach of this Agreement.
- (D) **SJVIA's Entitlement to Greater Coverage.** If the Contractor has or obtains insurance with broader coverage, higher limits, or both, than what is required under this Agreement, then the SJVIA requires and is entitled to the broader coverage, higher limits, or both. To that end, the Contractor shall deliver, or cause its broker or producer to deliver, to the SJVIA Manager copies of insurance policies that have such broader coverage, higher limits, or both, as produced by the broker or producer, and certificates of insurance and endorsements for all of the coverages that have such broader coverage, higher limits, or both, as required under this Agreement.
- (E) **Waiver of Subrogation.** The Contractor waives its right to recover from the SJVIA, its officers, agents, employees, and volunteers any amounts paid under the policy of worker's compensation insurance required by this Agreement. The Contractor is solely responsible to obtain any policy endorsement that may be necessary to accomplish that waiver, but the Contractor's waiver of subrogation under this paragraph is effective whether or not the Contractor obtains such an endorsement.
- (F) **SJVIA's Remedy for Contractor's Failure to Maintain.** If the Contractor fails to keep in effect at all times any insurance coverage required under this Agreement, the SJVIA may, in addition to any other remedies it may have, suspend or terminate this Agreement upon the occurrence of that failure, or purchase such insurance coverage, and charge the cost of that coverage to the Contractor. The SJVIA may offset such

charges against any amounts owed by the SJVIA to the Contractor under this Agreement.
