RE: Source of Average Wholesale Price ("AWP") Pricing Data Changing to Medi-Span® for County of Tulare and County of Fresno

Dear Mark:

As you may be aware, First Data Bank has elected to discontinue publishing Average Wholesale Prices ("AWP") effective as of September 26, 2011. Walgreens Health Initiatives ("WHI") utilized First DataBank ("FDB") as its source for AWP prescription drug pricing. Catalyst Rx, as the parent company of WHI has decided to utilize Medi-Span as an appropriate substitute for AWP pricing data. Medi-Span is a widely recognized publisher of AWP pricing data; in fact, Catalyst Rx has utilized Medi-Span as its primary source of AWP pricing data for more than 17 years. Accordingly, effective September 24, 2011, WHI will utilize Medi-Span as the pricing source for Average Wholesale Prices.

Thank you for the opportunity to serve you and please feel free to contact your account representative in the event you have any questions regarding this notice.

Sincerely,

Patrycja Drozdek
