SJVIA Board Meeting: Consultant's Report 2022 Plan Experience (Medical, Dental, and Vision) through September 2022

The following pages provide a summary of the plan experience from January 1 through September 30, 2022 for the self-funded medical and dental plans, as well as the fully insured vision plan (Kaiser and Delta Dental DHMO experience is not available).

The SJVIA self-funded plans show a deficit position of (\$2,387,037) through September 2022. The County of Fresno is in a (\$144,907) deficit position and the County of Tulare is in a (\$2,242,130) deficit position.

Accumulation	COF	COT	Total
Medical	\$ (462,365)	\$ (2,353,318)	\$ (2,815,683)
Dental	\$ 317,458	\$ 111,188	\$ 428,646
Total	\$ (144,907)	\$ (2,242,130)	\$ (2,387,037)
Vision (Insured)	\$ 62,131	\$ (5,936)	\$ 56,195
Loss Ratio			
Medical	101.2%	111.4%	104.7%
Dental	87.4%	89.6%	88.0%
Vision	84.5%	103.9%	90.5%

In an effort to curb reserve accumulation throughout 2022, the County of Tulare reduced its margin to 0.0%, and the County of Fresno reduced its margin requirement to 1.5%. These levels will be maintained through 2023.

The Anthem self-funded medical plans show an accumulated deficit position of (\$2,815,683) for a 104.7% total cost loss ratio. August 2022 was, in particular, a high-cost claim month that accumulated (\$2,224,386) of the medical deficit; Fresno County (\$1,253,415) and Tulare County (\$970,971).

The Delta Dental self-funded dental plan shows an accumulated surplus position of \$428,646 for a 90.7% total cost loss ratio.

The vision plan remains fully insured and shows an accumulated position of \$56,195 for a 90.5% total cost loss ratio. Under the fully insured arrangement all deficit or surplus positions remain with the carrier.

For 2022, the County of Fresno discontinued two PPO plans with marginal enrollment and added two EPO plans containing greater cost share features with covered members. The result over the first nine months for all medical plans has been a reserve deficit of (\$462,365).

The County continues its cross-subsidy strategy between the EPO, PPO, and High Deductible Health Plans (HDHP), and the EPO/Kaiser parity strategy setting the EPO and Kaiser rates equivalent.

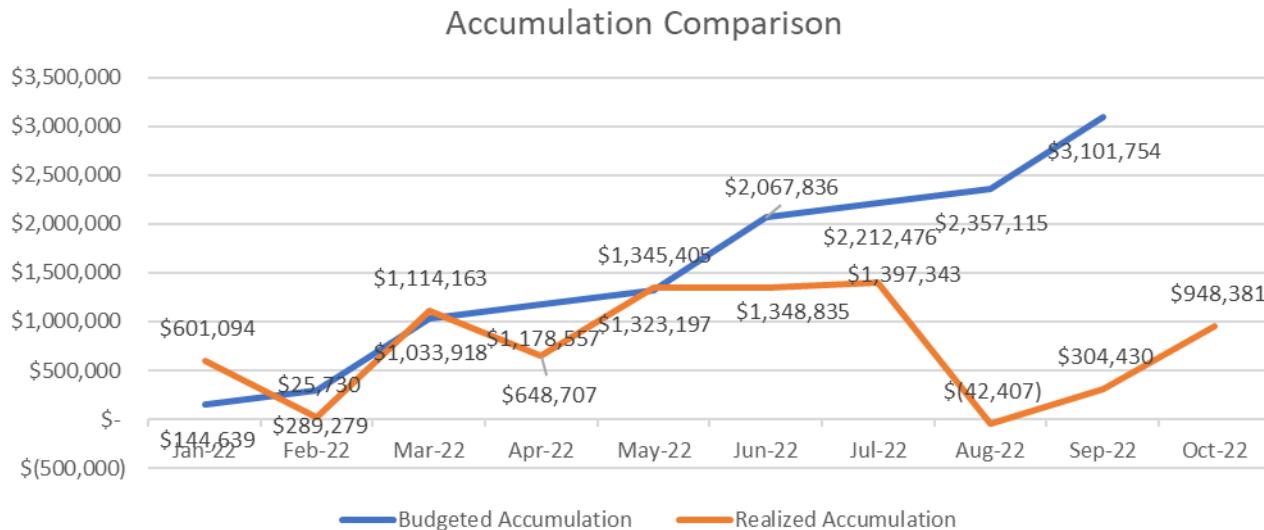

The County of Tulare has had greater than expected claim costs in 2022 (in particular, large claim cost). The result has been a (\$2,353,318) deficit position over the past nine months (\$3,731,538 deficit position over the past 12 months).

Keenan projected prescription drug rebates of \$2,400,000. SJVIA will realize a 2022 accumulated prescription drug rebate total of \$2,731,351 (inclusive of October 2022 payment) for a difference of \$331,531.

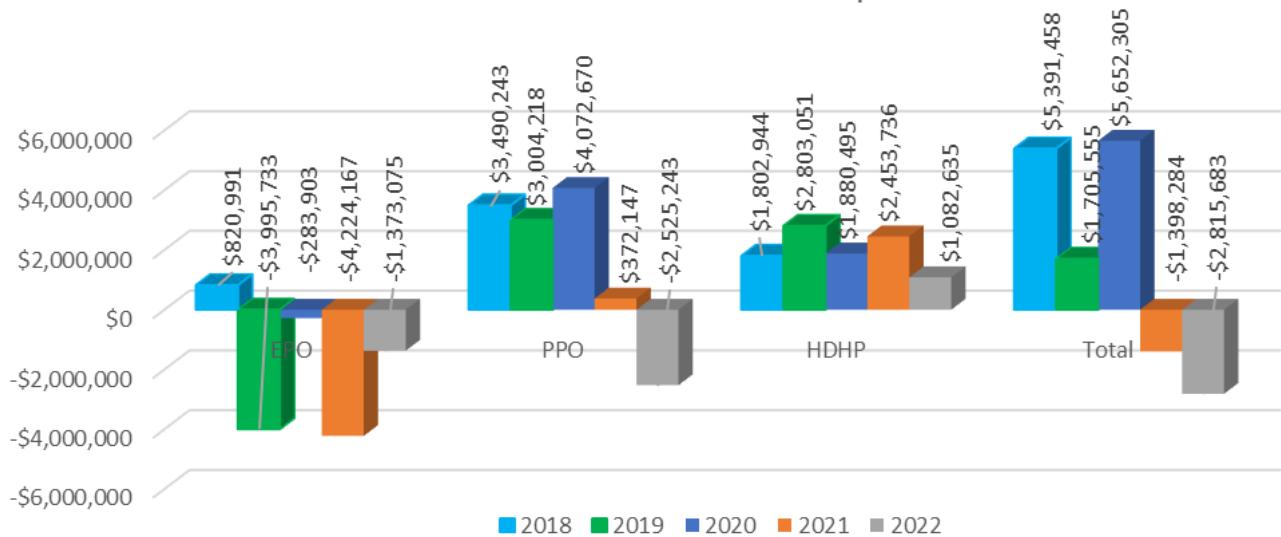

The County of Fresno Kaiser margin and EPO Parity margin have a total nine-month budget \$691,323 with a realized accumulation of \$604,067 for a difference of (\$87,256). The difference is due variances in enrollment.

Over the first nine months of the year, a budgeted accumulation of \$3,101,754 was projected (75.0% of budget), and a \$948,381 accumulation was realized (30.6% of the budget). The SJVIA has achieved 22.9% of the overall 2022 budgeted accumulation of \$4,135,672. The shortfall is due to higher than projected claim cost and adverse large claim activity.

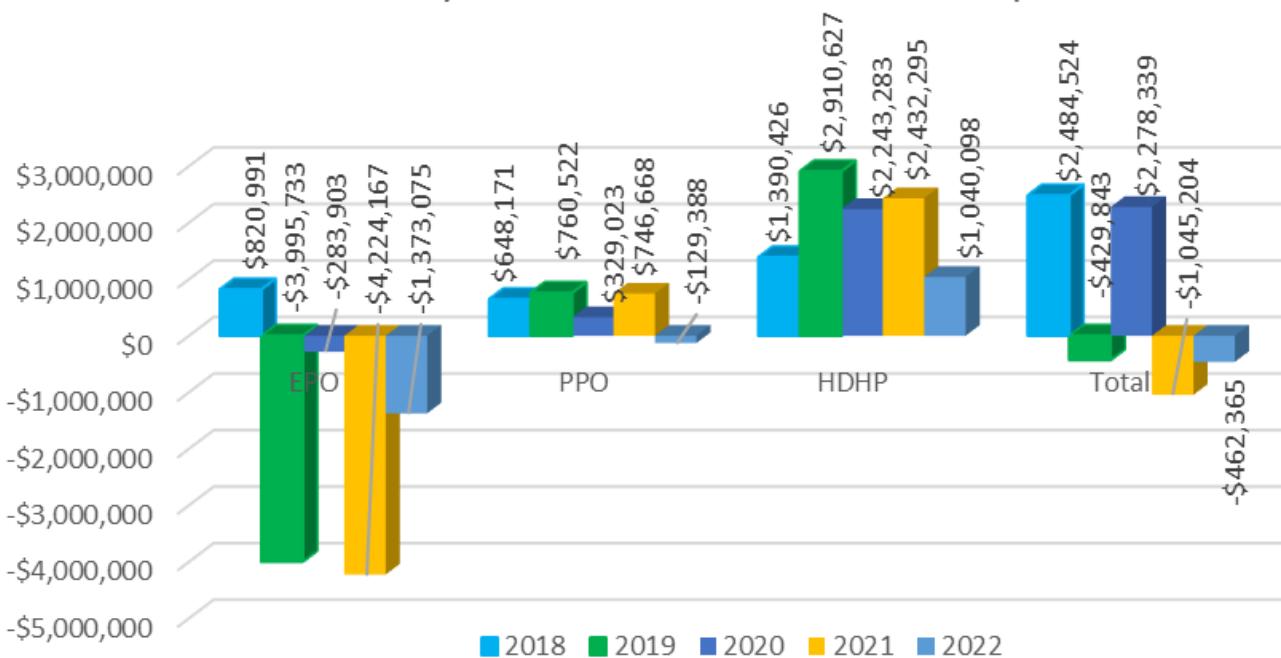

Please note, this is the consultant's report and prior to allocating funds for IBNR, the stabilization reserve, and to provide loan repayment, the SJVIA Auditor will provide the unaudited cash position based on actual revenue received and actual expenses paid.

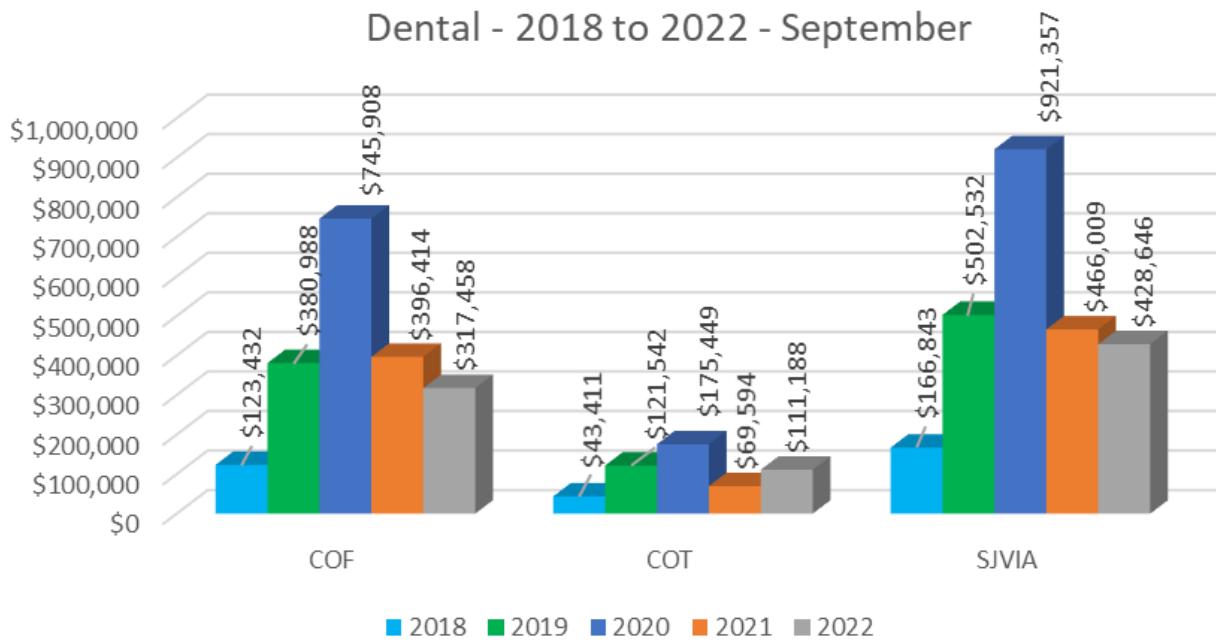

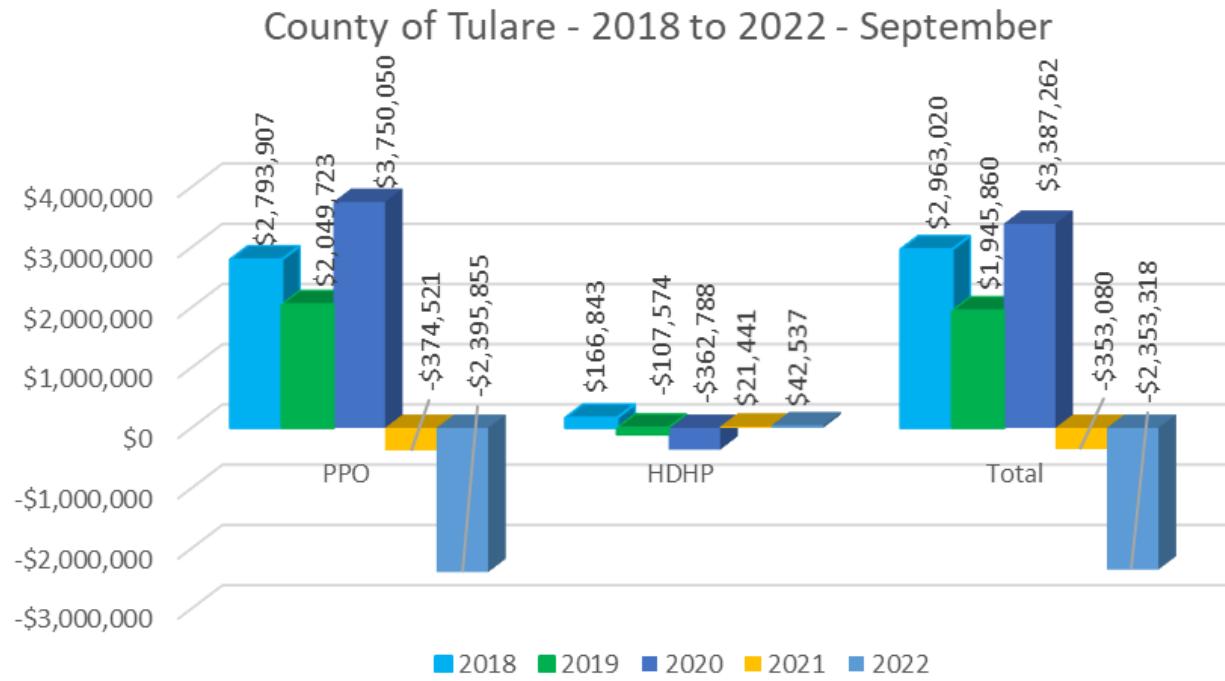

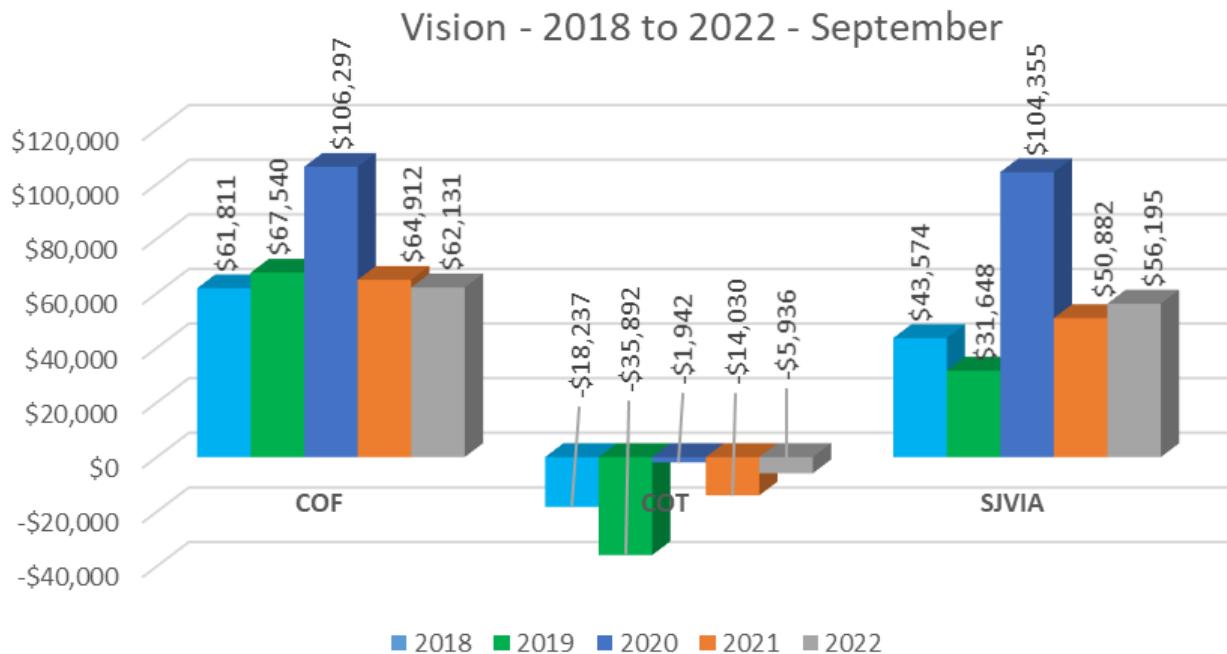

SJVIA - 2018 to 2022 - September

County of Fresno - 2018 to 2022 - September
