**SJVIA – COUNTY OF TULARE  
 INCURRED BUT NOT REPORTED (IBNR) RESERVES AS OF JUNE 30, 2022**

Dear Mario:

We have estimated the “Incurred But Not Reported” (IBNR) claims reserves for the self-funded medical, prescription drug and dental plans for County of Tulare as of June 30, 2022.

**CLAIM EXPERIENCE – JULY 1, 2021 TO JUNE 30, 2022**

We analyzed the experience in the past 12 months to determine the actual lag between the incurred and payment dates of the medical and drug claims.

Coverage	Paid Claims	Average Monthly Employees	Per Employee Per Month (PEPM)
Medical	\$18,203,122	2950	\$514.21
Prescription Drug	\$9,544,262	2950	\$269.61
Dental	\$1,152,275	2628	\$36.54
<b>Total</b>	<b>\$28,899,659</b>	<b>N/A</b>	<b>\$820.36</b>

**KEENAN’S IBNR ACTUARIAL RESERVE METHODOLOGY**

In Keenan’s IBNR actuarial reserve calculation, the estimated outstanding claims at the end of the period (ending IBNR) is calculated based on the Bornhuetter-Ferguson actuarial method. Under this method, the IBNR is determined based on completion factors and expected incurred claims. The completion factors are derived from actual claim lag data which takes into account the claim payment pattern. When the groups are small, the completion factors are blended with the industry norm completion factors. The IBNR claim reserve is estimated as the sum, for all prior months, of the expected incurred claim for the month multiplied by the proportion of claims expected to still be outstanding based on the completion factors.

Based on our analysis, we estimated the following unpaid claim liabilities for County of Tulare:

Coverage	Number of Employees in June 2022	Reserves on 06/30/2022
Medical	2983	\$1,983,767
Prescription Drug	2983	\$572,656
Dental	2632	\$68,006
<b>Total</b>	<b>N/A</b>	<b>\$2,624,428</b>

**ESTIMATED IBNR RESERVES AS OF JUNE 30, 2022**

Finally, the claims reserves are adjusted to reflect, among other things, claims fluctuation margins, retroactive claim adjustments and enrollment fluctuation. The final reserves are shown below:

Coverage	Reserves on 06/30/2022	Adjustment Factor	IBNR on 06/30/2022
Medical	\$1,983,767	1.15	\$2,281,330
Prescription Drug	\$572,656	1.15	\$658,550
Dental	\$68,006	1.15	\$78,210
<b>Total</b>	<b>\$2,624,428</b>	<b>1.15</b>	<b>\$3,018,090</b>

**CERTIFICATION**

The costs, liabilities and other factors under the plan were determined in accordance with generally accepted actuarial principles and procedures. The IBNR reserve calculations reported herein are consistent with our understanding of the Bornhuetter-Ferguson actuarial method. The actuarial assumptions are reasonable and represent our best estimate of the anticipated experience under the plan.

The undersigned credentialed actuary meets the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained in this report.

Sincerely,

Christine Hough, FSA, FCA, MAAA  
Vice President & Actuary

Arthur Ternersesian  
Underwriting Director
