

**Argument in Favor of Measure \_\_**  
**Coalinga-Huron Recreation and Park District**

As Coalinga and Huron residents, we enjoy a high quality of life and sense of community. Good schools, low crime, and recreational opportunities and parks help to make our area a great place to live. While our parks and recreational facilities have been well maintained over the years, many of them are outdated and some inadequate to provide local children, families and senior citizens with the facilities they deserve. We are asking for your **YES vote on Measure \_\_** to allow the Coalinga-Huron Recreation and Park District to improve local parks and facilities.

The average age of our parks and facilities is 40 years old, while our oldest was first built in 1932, over 80 years ago! With your YES vote, Measure \_\_ would allow the District to upgrade and renovate existing parks, grounds, and recreational facilities while also provide new opportunities to local residents. This is an important and affordable investment in our communities that will improve safety, upgrade aging facilities, and maintain Coalinga and Huron as great places to live.

**If passed, Measure \_\_ will:**

- Update outdated and deteriorating restrooms
- Make improvements to 50-year-old plumbing and roofs
- Provide additional sports fields for youth sports
- Upgrade playgrounds and parking lots throughout the District
- Improve handicapped accessible by making ADA improvements
- Install new security lighting and fencing

**Measure \_\_ makes financial sense and protects taxpayers.**

- All funds must be spent locally and cannot be taken by the state.
- Spending must be annually reviewed by an independent citizens' oversight committee.
- Funds can only be spent to improve local parks and facilities, not for administrator or staff salaries.

Measure \_\_ upgrades and renovates outdated parks and facilities, expands recreational opportunities for local children, families and senior citizens, and upgrades the quality of our communities. Please join us and VOTE YES ON MEASURE \_\_!

**Word Count: 300**
