REBUTTAL TO FRESNO UNIFIED MEASURE X:

Supporters of Measure X are fighting to ensure that taxpayers continue to pay for a slush fund for campaign donors. They should know: they created this slush fund with Measure Q in 2010.

Here is the truth about Measure X:

Measure X places Fresno Unified on a runaway train of debt right when the state of California will begin to reduce spending on K-12 education.

Measure X will not help our children close the achievement gap.

- The measure does not specify where a single cent of our money will be spent.

Measure X will not retain our best teachers

- When it comes to teachers' contracts, Fresno Unified failed to keep pace with inflation and the cost of living since the passage of Measure Q.

Measure X will not prepare Fresno Unified children for college or careers.

- Local university administrators stated that Fresno Unified children are the least prepared for college upon graduation.

Measure X money will stay local... by giving local campaign donors millions in construction contracts

- The FBI and U.S. Attorney are investigating Fresno Unified for corrupt practices by rewarding contracts to favored campaign contributors of Measure Q. Passing Measure X will mean those same practices will continue.

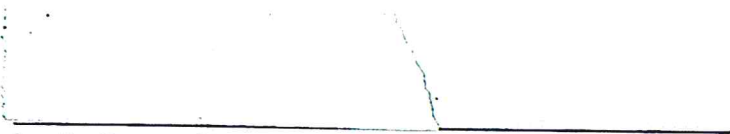

Measure X has zero accountability to taxpayers and 100% accountability to campaign donors.

For six years, Fresno Unified violated our trust and put our school district in jeopardy.

Remember: X marks the spot for greater corruption, greater debt, and possibly another FBI investigation. **Vote No on Measure X.**

The undersigned proponent(s) or author(s) of the rebuttal argument against Ballot Measure X at the Presidential General Election for the Fresno Unified School District to be held on November 8, 2016 hereby state that such argument is true and correct to the best of my knowledge and belief.

Signed,

Leslie Swan, Citizens for an Honest and Transparent Fresno Unified
