**Sanger Unified School District
Yes on Measure Campaign
Argument in Favor**

Yes on Measure is a local school bond that will fix and repair buildings and classrooms and improve technology for students of Sanger Unified.

- **Yes on Measure - repairs aging schools**
The average age of Sanger Unified schools is 50 years. Just like our homes, our schools need to be repaired. Measure will upgrade classrooms to help retain and attract quality teachers, repair leaky roofs, upgrade school bathrooms and other basic repairs to improve outdated and deteriorating schools.
- **Yes on Measure - improves career education**
Measure S will improve job training and vocational education programs so students can learn the skills they need to enter the workforce prepared and ready to compete for good-paying jobs in agriculture, manufacturing, healthcare, etc.
- **Yes on Measure - all money stays local**
Sacramento can't touch it. Measure requires annual audits, citizens' oversight and no funds will be spent on administrators' salaries and pensions.
- **Yes on Measure - creates local jobs**
The projects resulting from the passage of Measure will create local jobs that help boost our local economy; helping existing businesses.
- **Yes on Measure - well maintained schools improve student performance**
Sanger Unified School District has become one of the best districts with 15 distinguished schools. Measure will help build upon that progress.
- **Yes on Measure - smart investment**
Sanger Unified has a solid track record of academic performance. All homeowners will benefit from Measure because good schools strengthen property values and help make our neighborhoods stronger.
