FRESNO COUNTY CLERK

SELMA UNIFIED SCHOOL DISTRICT
Tax Rate Statement For
Bond Measure “_” Election to Be Held November 8, 2016

An election will be held in Selma Unified School District (the “District”) on November 8, 2016 to authorize the sale of \$30,800,000 in general obligation bonds to finance the school facilities described in the measure. If authorized and sold, the principal and interest will be payable only from the proceeds of *ad valorem* tax levies made upon the taxable property in the District. The following information is submitted in compliance with Section 9400-9404 of the California Elections Code.

1. The best estimate of the tax rate that would be required to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$0.060 per \$100 (\$60 per \$100,000) of assessed valuation in fiscal year 2017-18.
2. The best estimate of the tax rate that would be required to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is \$0.060 per \$100 (\$60 per \$100,000) of assessed valuation in fiscal year 2025-26.
3. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is \$0.060 per \$100 (\$60 per \$100,000) of assessed valuation.
4. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$64,150,000.

These estimates are based on best estimates and projections derived from information obtained from official sources, upon experience within the District, and other demonstrable factors. The actual tax rates and the years in which they will apply may vary depending on the timing of bond sales, the amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the needs of the District. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined in the assessment and the equalization process.

Dated: July 19, 2016

Dr. Tanya Fisher
Superintendent
Selma Unified School District
