### NOTICE OF CANCELLATION

Request for Quotation No.070-5028

February 16, 2012

Request for Quotation No. 070-5028, Fuel Site Compliance Measures at Various County Fuel Sites, is being cancelled. This RFQ asked for bids to upgrade the underground gasoline tank at the Courthouse Motorpool to meet Phase II Enhanced Vapor Recovery requirements and to bring twelve (12) aboveground tanks into compliance per Executive Order VR-301-C for Standing Loss Control Vapor Recovery.

It is to the County's benefit to separate these two requirements and release them in new Requests for Quotations. The Standing Loss Control Vapor Recovery may be combined with similar work at those sites, pending approval to extend the deadline.

A new Request for Quotation will be mailed to your firm once we have revised the scope of work to reflect the above changes.

Thank you for your past cooperation.

Please refer any inquiries in this matter to Craig Nickel, Buyer III, at (559) 600-7110.

Sincerely,

Kenneth A. Voza  
Purchasing Supervisor
