OVERVIEW

The County of Fresno is soliciting bids for Laundry Chemicals that are used by the Sheriff's Office at the Main Jail and by the Probation Department at the Juvenile Justice Campus (JJC).

The awarded bidder shall provide, install, maintain and service all liquid chemical dispensers; that shall be completely automated and compatible with the equipment used in each facility. Regular scheduled service shall be required every four (4) weeks. Any requests for emergency service shall be responded to within twenty-four hours of the request. In the event that the County adds new machines, the awarded bidder shall provide and install dispensing equipment at no additional charge. The awarded bidder may provide additional equipment to the system; such as a computer for control. Any additional equipment shall be detailed in the bidder's proposal and shall be provided at no additional cost to the County.

Due to these being detention facilities, safety and security is a major concern and shall be treated as a high priority. The contractor may at any time during the contract term be required to take measures to enhance safety and security.

Sheriff's Office - The Main Jail

The Main Jail has eight (8) Unimac Speed Washers (four UW80PV and four UV85PV) that wash approximately 50 – 55 loads daily and one (1) 20 lb. Wascomat washer (W620) that washes approximately 10 – 20 loads daily. The washers currently utilize a system that dispenses four (4) concentrated liquid chemicals; enzyme, suds, neutralizer/softener and 12 ½% raw bleach. These chemicals are automatically pumped when the washer sends a signal to the dispenser. The dispensers then pump the chemicals into a multi-backflow-valved manifold. Water then flushes the chemicals out of the manifolds and into a single line delivery system to the washers.

Probation Dept. - Juvenile Justice Campus

The Juvenile Justice Campus (JJC) has four (4) Minor Commercial Washers (Model # 36026X85) that washes approximately 15 – 22 loads a day, seven days a week. The dispensing system dispenses five (5) concentrated liquid chemicals; laundry break, suds, destainer (bleach), softener and neutralizer. When a programmed signal is sent to the dispensing system, the system pumps the chemicals to an intake system at the rear of the machine, where a steam injection system completes the chemical mix to the machine. The JJC currently does not allow inmates to work in the laundry area. However, the Probation Department may alter that policy in the future.

PARTICIPATION

The County of Fresno is a member of the Central Valley Purchasing Group. This group consists of Fresno, Kern, Kings, and Tulare Counties and all governmental, tax supported agencies within these counties.

Whenever possible, these and other tax supported agencies co-op (piggyback) on contracts put in place by one of the other agencies.

Any agency choosing to avail itself of this opportunity, will make purchases in their own name, make payment directly to the contractor, be liable to the contractor and vice versa, per the terms of the original contract, all the while holding the County of Fresno harmless. If awarded this contract, please indicate whether you would extend the same terms and conditions to all tax supported agencies within this group as you are proposing to extend to Fresno County.

☐ Yes, we will extend contract terms and conditions to all qualified agencies within the Central Valley Purchasing Group and other tax supported agencies.

☐ No, we will not extend contract terms to any agency other than the County of Fresno.

PROPOSAL CONTENT REQUIREMENTS

It is important that the vendor submit his/her proposal in accordance with the format and instructions provided under this section. Doing so will facilitate the evaluation of the proposal. It will limit the possibility of a poor rating due to the omission or mis-categorization of the requested information. Responding in the requested format will enhance the evaluation team's item by item comparison of each proposal item. The vendor's proposal may be placed at a disadvantage if submitted in a format other than that identified below.

Bidders are requested to submit their proposals in a binder (one that allows for easy removal of pages) with index tabs separating the sections identified. Each page should be numbered.

Each binder is to be clearly marked on the cover with the proposal name, number, closing date, "Original" or "Copy", and bidder's name.

Merely offering to meet the specifications is insufficient and will not be accepted. Each bidder shall submit a complete proposal with all information requested. Supportive material may be attached as appendices. All pages, including the appendices, must be numbered.

Vendors are instructed not to submit confidential, proprietary and related information within the request for proposal. If you are submitting trade secrets, it must be submitted in a separate binder clearly marked "TRADE SECRETS", see Trade Secret Acknowledgement section.
