ACKNOWLEDGMENT OF ADDENDUM NUMBER ONE (1) TO RFP 680-5290

COMPANY NAME: _____
(PRINT)

SIGNATURE: _____

NAME & TITLE: _____
(PRINT)

The County is adding the following item to the RFP as an “emergency/extra repair.” This item will not be part of the annual preventative maintenance and, therefore, shall not be included as part of the preventative maintenance bid. Repair services shall be provided for:

Lighting Control & Design (LC&D) GR 2400 Lighting Control Panels

Detention Housing: 12 Panels

Commitment Housing: 10 Panels

These Lighting Control Panels will be subject to the “Critical Malfunction” response requirements as shown in the Scope of Work on Page 21, Item 5, and shall be added to the list of equipment covered under “critical malfunctions” as Item 6. I. Lighting Control Panels on page 22.

Revision to Cost Proposal Page:

In light of the removal of the locks from the RFP (see Q&A3. below), as well as the addition of the Lighting Control Panels, Item 1 of the Cost Proposal Section on Page 32 of the RFP is deleted in its entirety and replaced with:

“1. Cost for specified annual preventative maintenance for all [remaining] items listed in the RFP, excluding the GR 2400 Lighting Control Panels.”

Provided below are questions and/or requests for clarifications posed by bidders from the vendor’s conference/site visit. County responses follow each question.

Q1. Are cameras included in the equipment to receive maintenance and/or repair by the vendor?

A1. No. While C.C.T.V. monitors are included in the services to be provided, the cameras are not.

Q2. Are the LED lights soldered in the control panels?

A2. No.

Q3. Clarification was requested regarding locks.

A3. The vendor will be responsible for repairs from the control panel to the lock. The County locksmith will handle the locks. Therefore, the following equipment is deleted from the RFP:

Page 25 *Airteq 5107B Food Pass Latch*
 Airteq 5017M Food Pass Latch
 Airteq 7150 Motorized Sliding Device

Page 26 *Airteq 9424 Latchbolt Lock, 24v*
