Contract Information: The number contained in the contract information section reflects any member that had any window of eligibility within the period. The total numbers are not a sum of each month. It is the average count of the number members that had eligibility within the entire period of the report. Cardholders and dependents are listed separately, as well as, a total number of lives for the period

PM/PM: The per member per month (PM/PM) ratio shows average amount of utilization. The amount uses the total cost of scripts including copay. Formula uses is Total Cost/members/months.
Cardholder = Member

Avg Price RX: Drug Price plus dispense fee per RX
Copay: The amount paid by the member including deductible
Brd Eq: Brands dispensed when a generic equivalent available
Special: The claims processed using special contract rates
