

COUNTY OF FRESNO

ADDENDUM NUMBER: ONE (1)

RFQ NUMBER: 962-5320

TOXICOLOGY SCREENING

January 22, 2015

PURCHASING USE

ssj

G:\PUBLIC\RFQ\FY 2014-15\962-5320 TOXICOLOGY
SCREENING\962-5320 ADD 1.DOC

IMPORTANT: SUBMIT QUOTATION IN SEALED PACKAGE WITH QUOTATION NUMBER, CLOSING DATE AND BUYER'S NAME MARKED CLEARLY ON THE OUTSIDE TO:

COUNTY OF FRESNO, Purchasing
4525 EAST HAMILTON AVENUE, 2ND FLOOR
FRESNO, CA 93702-4599

CLOSING DATE OF BID WILL BE AT 2:00 P.M., ON FEBRUARY 3, 2015.

QUOTES WILL BE CONSIDERED LATE WHEN THE OFFICIAL PURCHASING TIME CLOCK READS 2:00 P.M.

Quotes will be opened and publicly read at that time. All quotation information will be available for review after contract award.

Clarification of specifications are to be directed to: **Debbie L. Scharnick**, phone (559) 600-7111, e-mail dscharnick@co.fresno.ca.us.

NOTE THE FOLLOWING AND ATTACHED ADDITIONS, DELETIONS AND/OR CHANGES TO THE REQUIREMENTS OF REQUEST FOR QUOTATION NUMBER: 962-5320 AND INCLUDE THEM IN YOUR RESPONSE. PLEASE SIGN AND RETURN THIS ADDENDUM WITH YOUR QUOTATION.

- Closing date has been extended to February 3, 2015.
- Due to anticipated decrease in the amount of tests to be performed caused by the passage of Prop 47, the Estimated Annual Quantities have been revised. Please replace the Quotation Schedule with the Quotation Schedule that is attached.
- The Probation Department will no longer require vendors to provide rural and state-wide testing.

ACKNOWLEDGMENT OF ADDENDUM NUMBER ONE (1) TO RFQ 962-5320

COMPANY NAME: _____

CHANGES TO COMPLY/NOT COMPLY

Please make the following revisions to the Comply/Not Comply section:

- Revise #3 to read "Provide services in the Fresno/Clovis metropolitan area."
- Please delete both #4 and #5.
- Revise #11 to read "Possess a federal SAMHSA and/or CLIA Certificate. Copy of current certificate(s) included in Response to RFQ."
- #15 Should read "Have the ability to provide "600" urine sample containers weekly with identifying labels as specified in the RFQ."
- #16 Shall read "Contractor shall refrigerate, freeze or preserve all samples prior to testing in a safe/secure environment 'to ensure sample integrity'"

REVISED QUOTATION SCHEDULE

TYPE OF ANALYSIS	ESTIMATED ANNUAL QUANTITY	COST PER TEST	TOTAL
1. Drug screen, as specified (Qualitative)	30,000	\$ _____	\$ _____
2. Drug screen, as specified (Quantitative)	6,000	\$ _____	\$ _____
3. Drug Screen, LSD	50	\$ _____	\$ _____
4. Drug Screen, Barbiturates	50	\$ _____	\$ _____
5. Drug Screen, Synthetic Cathinones	25	\$ _____	\$ _____
6. Drug Screen, Cannabimimetics	25	\$ _____	\$ _____
TOTAL			\$ _____

Expert Witness Testimony

1. Court Appearance - First Hour: \$ _____ per hour
2. Court Appearance - Each additional Hour after the
first hour: \$ _____ per hour
3. Mileage Allowance: \$ _____ per mile

Internet

1. Charge/no charge for internet access to test results \$ _____
2. Charge/no charge for training staff on internet portal
system \$ _____

QUESTIONS AND ANSWERS:

Q1. Who is the incumbent provider of these products/services, if any?

A1. Phamatech, Inc.

Q2. What is the locations of testing sites you currently use?

A2. See attached "Toxicology Clinical Laboratory Testing" list.

Q3. What is the current Vendor pricing for the services requested within this RFQ?

A3. See attached Exhibit D.

Q4. What is your current percent positive rate?

A4. This is not something we track; however, our estimate is about 20%

Q5. Does the bond requirement shown on page 11 apply to this bid?

A5. Bonds will not be required on this bid

Q6. Would the County consider using their own staff to perform collections? It would save the County a tremendous amount of money in collection fees.

A6. Since the rural and state-wide testing requirement has been removed (the only locations where vendors performed collections), all the collections will now be done by County staff.

Q7. Many vendors utilize a private courier such as FedEx for pickup service. It may not be possible to provide twice daily pickups through a private courier. Would the County accept once daily pickup for the Drug Suppression Unit?

A7. Depending on the lab location and courier availability, yes, the County would accept once daily pickup. For example, if there is only one flight out per day.

Q8. Regarding the storage requirements (#9 on page 18) is this requirement for samples waiting to be tested, or is this for storage after the result?

A8. See Item #19, in the "Scope of Work", regarding storage requirements prior to testing. "Contractor shall refrigerate, freeze, or preserve all samples prior to testing to ensure sample integrity."

Q9. For storage after testing: Many laboratories keep positives for 3 months or longer but only keep negatives for 2 days. Would this amount of time be satisfactory?

A9. Contractor shall freeze the remainder of a sample which tests positive to drugs and will retain the sample for a period of not less than one (1) year, or longer if requested by the Probation Department." In regards to tests with a "negative" result, 2 days is acceptable.

Q10. Regarding the billing fields, would the County accept invoices that do not contain the donor's birth date?

A10. "Scope of Work", Item #11 currently requests the "Date of Birth/Sex" be included on the invoice. Please delete that line and replace it with "Probation Number." The assigned Probation Number is available to the vendor on the Chain of Custody form. This also

applies to on-line and hard copy test result requirements as stated in the "Scope of Work", Item #8.

Q11. Will the County accept the Department of Health & Human Services' CLIA certification as an acceptable alternative to SAMHSA? Perhaps the biggest difference between the licensures is that SAMHSA licensure is specifically meant to regulate workplace drug testing for only 5 drugs—Amphetamines/Methamphetamines, Cocaine, Opiates, PCP and Marijuana (THC)—and now Ecstasy (MDMA) (a sub-group under amphetamines) and Heroin (6-MAM) (under the opiates class). As your agency focuses on the criminal justice sector as opposed to workplace or employment testing, SAMHSA licensure and practices may not be quite as appropriate or necessary. Moreover, it appears that your agency is interested in testing for additional non-SAMHSA regulated drugs (such as Alcohol, Barbiturates, Benzodiazepines and Synthetic Cannabinoids). As such, we would like your agency to consider laboratories with CLIA licensure to be on equal—or better—footing with SAMHSA laboratories.

A11. Yes, the County will accept CLIA Certification in lieu of or in addition to SAMHSA. Please provide CLIA Certificate in your response to RFQ. Item #26 of the "Scope of Work" is revised to ... "current California Clinical Laboratory License and Federal SAMHSA and/or CLIA Certificate."

Q12. For line item #2 on the Quotation Schedule, is this price for confirmation by drug class (such as Opiates, Methamphetamines, etc.), or for any number of possible confirmations performed on a sample? Industry standard is to charge by drug confirmed.

A12. Multiple quantitative tests may need to be run if the qualitative screen is positive for more than one drug. Using our current rates as an example, if the initial \$4.45 screen came back positive for marijuana and methamphetamine, a quantitative test would be run for both marijuana and methamphetamine at \$8.00 each (\$16.00 total). Continuing with this example, \$8.00 would be indicated on line #2.

Q13. Will the County accept liquid chromatography/tandem mass spectrometry (LC/MS/MS) as a confirmation option? LC/MS/MS confirmation method is more sensitive and specific than GC/MS, and increases compound identification specificity through the use of two mass spectrometers, versus a single one for GC/MS methods. In Volume 73, No. 228, page 71868 of the Federal Register, the Department of Health & Human Services indicates that LC/MS/MS methodologies have proven to be reliable to test specimens, and produce forensically and scientifically supportable results. Moreover, LC/MS/MS results have proven to be defensible in courts of law across the country.

A13. No. The requirement remains GC/MS.

Q14. Will the County accept results that do not list the client's medication?

A14. No.

Q15. Some of the cut-off levels requested by the County are not industry standard and may be difficult for many vendors to provide. Would the County accept industry standard cut-off levels for the initial test, such as 500 ng/mL for Methamphetamines and Ecstasy, .04 for Alcohol (Ethanol), 200 ng/mL for Benzodiazepines, and 25 ng/mL for PCP?

A15. No. Probation is aware these are not the industry standard cut-off levels, but they are Probation's cut-off levels and the County has not had a problem with sufficient vendors bidding/providing us services at these cut-off levels

Q16. Is the County requesting that the confirmation cut-off level be the same as the initial test (screen) level? Or will the County consider alternate cut-off levels, such as industry standard confirmation levels?

A16. Yes, the confirmation cut-off level will be the same as the initial test (screen) level. No, the County will not consider alternate cut-off levels.

Q17. Will a vendor be disqualified for not being able to provide a test for one of the specialty drugs, such as Mescaline, if they can provide testing for all of the other line items?

A17. Yes, a vendor will be disqualified for not being able to provide a test for one of the specialty drugs; however, we have removed Mescaline from Item #16 in the Scope of Work as well as the Revised Quotation Schedule. The other drugs remain as listed in the RFQ.

Q18. Regarding the requisition to be purchased by clients (donors), would the County consider an electronic requisition form? This could be purchased and then be waiting in the system at whichever location they go for collection.

A18. Since rural and state-wide testing has been removed from the RFQ, this question is no longer applicable

Q19. Can the contractor provide an electronic chain of custody rather than written?

A19. No.

Q20. With secure, HIPAA compliant software that provides real-time results reporting and program analytics that can be exported in various formats, is there still a need for hard copy mailing of results?

A20. Yes.

Q21. Would the County be open to having all collections performed at vendor owned collection sites by staff trained in collection procedure and chain of custody?

A21. No.

EXHIBIT D

Laboratory Test

UNIT PRICE

Fees for all three services areas: Metropolitan, Rural, and Statewide

Drug screen, as specified (Qualitative)	\$4.45
Drug screen, as specified (Quantitative)	\$8.00
Drug Screen, LSD*	\$4.45
Drug Screen, Mescaline*	\$8.00
Drug Screen, Barbiturates*	\$4.45

*This is the price for screening. Confirmations by GC/MS are charged \$8.00.

Expert Witness Testimony

Court Appearance - First Hour:	\$80.00 per hour
Court Appearance - Each additional Hour after the first hour:	\$80.00 per hour
Mileage Allowance:	\$0.00 per mile

Web Training

Web training in the use of the Contractor's website will be provided by the Contractor to the County without charge.
