SCOPE OF WORK

The County of Fresno is soliciting bids for laboratory services to provide toxicological screening for the Probation Department through urinalysis. The Probation Department has conducted the following tests listed; 806 in October 2015, 907 in November 2015, 1044 December in 2015, and 981 in January 2016. Of those tests 246 were quantitative in October 2015, 374 in November 2015, 408 in December 2015, and 251 in January 2016. The County anticipates the number of tests conducted to increase over time but does not guarantee a minimum level of service. The quantities stated here reflect only four months and future quantities may be less than or greater than stated. The vendor's quoted pricing must allow for all usage levels and should not assume a minimum level of service. The bid for these services is open to any laboratory able to perform the services as stipulated in the Service Requirements.

2. Contractor shall provide all labor, material, equipment, taxes, transportation, etc. to perform evidentiary toxicology laboratory testing as specified within this RFQ.

6. Contractor shall be capable of having both on-line and hard copy results available in 24 to 48 hours. The normal time required for test results would be 48 hours, with a 72-hour maximum. Hard copy results sent to the Probation Department, as well as on-line portal access results shall include:

Contractor will mail hard copy test result reports to the Probation Department on all tests with positive results. If copies of the completed "Request for Toxicology Services/Chain of Custody" forms are not available on-line, the vendor shall provide copies upon request.
- Re-testing due to changes in Bidder's staff or unavailability of original testing personnel shall be done at no charge (i.e., chain of custody or staff/lab policy/procedure issue). If on the rare occasion Probation requests a retest not due to changes in bidder's staff/lab policy/procedure, Probation will pay the regular qualitative rate. The amount of retesting is rare.

14. Unless otherwise indicated, qualitative and quantitative tests will be run automatically on the Opiate drug group, Cannabinoid, Phencyclidine (PCP), as well as Methamphetamine and Alcohol when the drug screening indicates the results are above the cutoff threshold levels. Those results that fall below the screening cutoff levels will be reported as negative results and no automatic confirmation shall be completed. All qualitative and/or quantitative analysis on other drug groups will only be by the specific request by the Deputy Probation Officer or by Order of the Court with on-line and hard copy results available within 5 days of said request. The confirmatory laboratory should use GC/MS or LC/MS/MS testing with Limit of Detection (LOD) levels. Confirmation tests for opiate metabolites should include Codeine, Morphine, Hydrocodone, Hydromorphone, Oxycodone, and Oxymorphone.
15. Contractor shall have the ability to initially provide approximately 600 urine sample containers (kits) and identifying labels and 400 weekly thereafter, upon which the defendant's name, date and time of collection, type of test requested, testing officer's name and unit/division designation can be logged. The sample containers must have a temperature strip attached.

20. Prior to services starting under the awarded contract, Contractor shall provide training to designated personnel on the Chain of Custody collection, lab processes and internet portal system. For the term of the contract, Contractor shall provide similar training annually. Just like the invoices have separate accounts, internet access portals shall have separate accounts with passwords and/or logins as appropriate. The existing Agreement expires on June 30, 2016. Therefore, it is anticipated at this time that the new contract will go into effect on July 1, 2016.
21. Billing Discrepancies. The vendor shall provide one centralized contact to address billing questions and discrepancies. Probation will also provide a centralized contact for the vendor. The vendor is to respond to inquiries in a timely manner--within 7 days.

The notice should include what is happening, when it is happening, why it is happening, what will be impacted (i.e., internet access, account numbers, etc.), and how.
