GROUP 2 COMPLIANCE TESTING

Compliance Testing per Title 23, Division 3, Chapter 16, California Code of Regulations and Chapter 6.7 Health and Safety Code for Underground Storage Tank Regulations. All Line Leak Detectors tested per compliance regulations. All San Joaquin Valley Unified Air Pollution Control District compliance testing rules for vapors shall be included.

All compliance testing including San Joaquin Valley Air Pollution Control District vapor testing, California Underground Storage Tank Regulation testing shall be pre-tested prior to compliance and certification testing.

In the event of a failure during a pre-test, the contractor will make necessary repairs at the rates stated for repairs and maintenance (contained in Group 1) per this Request for Quotation.

Compliance Testing charges shall be all inclusive – NO Travel Charges.

Cost of all Compliance Testing shall be a firm price.

County of Fresno will provide a schedule for all compliance testing.

In the event that repairs must be made in order to gain compliance, the cost for parts and labor will be determined from the response to that portion of the RFQ.

Cost of applicable Compliance Testing

Not including any travel time
