Effective as of April 17, 2012

Section 1. Name: The name of this Plan is the County of Fresno 457(b) Deferred Compensation Plan, hereinafter referred to as the “Plan.”

Section 2. Purpose: The primary purpose of the Plan is to attract and retain personnel by permitting them to enter into agreements with the County that will provide for deferral of payment of a portion of their current Compensation until death, retirement, termination of employment, or other events as provided herein, in accordance with the provisions of Sections 53212 – 53214 of the Government Code of the State of California, Section 457(b) of the Code, the Treasury Regulations promulgated under Section 457(b) of the Code and other applicable Sections of the Code. Except as otherwise stated herein, this amended Plan shall become effective as of April 17, 2012.

The designation may be made, revoked, or changed only by a written instrument (in a form acceptable to the County) signed by the Participant and filed with the County or the Administrator prior to the Participant’s death. If no such designation is in effect at the time of the Participant’s death, or if no designated Beneficiary survives the Participant, the County shall direct said interest to be paid to the individual who makes a claim in accordance with procedures established by the County.

Compensation shall be taken into account at its present value and its amount shall be determined without regard to any community property laws. Compensation also includes differential pay, if any is paid by the County, that 1) is made by the County to an individual with respect to any period during which the individual is performing service in the uniformed services (as defined in Chapter 43 of Title 38 of the United States Code) while on active duty for a period of more than 30 days; and 2) represents all or a portion of the wages the individual would have received from the County if the individual had remained actively employed.

Normal Retirement Age Ranges by Retirement Benefit Tier are included in Appendix A.

3.18 “Participant” means any Employee who fulfills the participation requirements under Section 4.

3.19 “Participant Agreement” means the agreement executed and filed by an Employee with the County or the Administrator pursuant to Section 4, under which the Employee elects to become a Participant in the Plan and to defer Compensation thereunder.

3.22 “Special Age 50 Catch-Up Deferral” means the additional amount of Compensation that may be deferred in accordance with Section 5.1(c).

Section 4. Participation in the Plan:

4.1 Participation. Each Employee may elect to become a Participant in the Plan and defer payment of Compensation not yet earned by executing a written Participant Agreement and filing it with the County or the Administrator at any time during active employment. It shall become effective in accordance with rules established by the Council. However, in accordance with Treasury Regulation Section 1.457-4(b), the Participant Agreement (and any modification thereto) shall not be effective earlier than the first day of the next calendar month following its execution and filing, except that a Participant Agreement of a newly hired Participant, executed and filed on or before his or her hire date, may be effective on or at any time after such hire date.

4.2 Modification of Deferral. A Participant Agreement shall remain in effect until it is terminated or modified. During each Employment Period, a Participant may modify an existing Participant Agreement to effect subsequent deferrals in accordance with rules established by the Council. Subject to the last sentence of Section 4.1, such modification must be filed by the Participant with the County prior to the date on which the modification is to be effective (in accordance with rules established by the Council). Subject to Treas. Reg. Sec. 1.457-4(d)(1), upon severance from employment, a Participant may defer accrued annual leave, vacation pay, compensatory pay, holiday pay, retirement incentive pay or back pay if the agreement providing for the deferral is entered into before the amount is currently available.

4.3 Termination of Deferral. A Participant may terminate further deferral of Compensation under the Plan by filing with the County an executed notice of termination of his Participant Agreement prior to the effective date of termination (in accordance with rules established by the Council). Once further deferral of Compensation is terminated, a Participant may rejoin the Plan in accordance with rules established by the Council. No previously deferred amounts shall be payable to an Employee upon terminating further deferral of Compensation under the Plan unless otherwise due pursuant to Section 8 hereof.

4.4 Selection of Investment Option. The Participant Agreement shall also provide for the selection, pursuant to Section 7.3, of one or more Investment Options to which the Participant's deferred Compensation shall be allocated; provided that any amounts so allocated equal or exceed a minimum of \$10 or 1% of Compensation per biweekly pay period, except as provided in Section 5.1(a).

Section 5. Amount of Deferrals:

5.1 Limitations. The amount of Compensation which may be deferred by a Participant is subject to the following limitations:

(a) Annual Limitation. Except as provided in Paragraph (b) or (c) below, the maximum amount that a Participant may defer during an Employment Period shall not exceed the lesser of the Applicable Dollar Amount or 100% of the Participant's Includable Compensation, excluding any Rollover Contributions received by the Plan under Section 9.4 below. The minimum amount that a Participant may defer is \$10 or 1% of Compensation per biweekly pay period, provided, however, that a Participant who elected to defer less than \$10 or 1% of Compensation per biweekly pay period in accordance with the terms of the Plan in effect prior to the date of this restatement may continue to defer such amount.

(b) Limited Catch-Up Deferral. For one or more of a Participant's last three Employment Periods ending before the Participant attains Normal Retirement Age, the maximum amount a Participant may defer during the Employment Period shall not exceed the lesser of:

(i) twice the Applicable Dollar Amount; or

(ii) the amount determined under the immediately following sentence; provided, however, that if the Special Age 50 Catch-Up Deferral of Paragraph (c) would result in a greater amount of Compensation deferred, the participant may elect to defer any amount up to the sum of the amount specified in Paragraph (a) and the amount specified in Paragraph (c). The amount referred to in Section 5.1(b)(ii) is the sum of:

(I) the maximum amount of Compensation that may be deferred for the Employment Period as determined under Section 5.1(a) above; *plus*

(II) (A) the maximum amount of Compensation that may be deferred for any prior Employment Period or Employment Periods as determined under Section 5.1(a) above (or, for years prior to 2002, under Code Section 457(b)(2) as in effect for the applicable year); *less* (B) the Compensation deferred under the Plan for such Employment Period

or Employment Periods (disregarding any annual deferrals under the Plan permitted under Paragraph (c) of this Section 5.1).

In determining the Includable Compensation of a Participant for purposes of calculating the amount described in Section 5.1(b)(ii)(I), Includable Compensation is not reduced by contributions of the amounts described in Section 5.1(b)(ii)(II).

A prior Employment Period shall be taken into account under Section 5.1(b)(ii)(II) only if such Employment Period begins after December 3, 1978, the Participant was eligible to participate in the Plan during all or any portion of the Employment Period, and Compensation deferred (if any) under the Plan during the Employment Period, was subject to the maximum deferral provisions of Section 5.1(a) above.

A Participant may not elect to have the provisions of this Section 5.1(b) apply more than once, whether or not such provisions are utilized in less than all of the three Employment Periods ending before that Participant attains Normal Retirement Age, and whether or not that Participant or former Participant rejoins the Plan or participates in another qualifying Code Section 457 plan after retirement.

The provisions of this Section 5.1(b) shall be interpreted and administered in accordance with Regulations issued under Code Section 457 including, without limitation, special rules concerning application of the coordination limits in effect under Code Section 457(c)(2) prior to 2002 for purposes of determining the amounts referred to in Section 5.1(b)(ii) for years prior to 2002.

(c) Special Age 50 Catch-Up Deferral. A Participant who attains age 50 by the last day of an Employment Period and who does not utilize a Limited Catch-Up Deferral for such Employment Period may make a deferral in excess of the limitation specified in Paragraph (a) above, up to the amount specified in, and subject to any other requirements of, Section 414(v) of the Code.

(d) Multiple Plans. In applying Paragraphs (a), (b) and (c) above, the amount that may be deferred by a Participant under the Plan for any Employment Period shall be reduced by the amount deferred by the Participant for such Employment Period under any other “eligible deferred compensation plan” within the meaning of Section 457(b) of the Code, as required by Section 457(c) of the Code, or any other plan to the extent required by Regulation. The Participant shall inform the County of his participation in any such other plan and is solely responsible for any violation of this Paragraph (d).

5.2 Excess Deferrals. The County shall have the right to modify or disallow the periodic deferral of Compensation elected by the Participant:

- (a) in excess of the limitations stated in Section 5.1.
- (b) in excess of the Participant's net Compensation for any pay period;

(c) upon any change in the length of pay period utilized by County. In such case the periodic deferral shall be adjusted so that approximately the same percentage of pay shall be deferred on an annual basis;

(d) in order to round periodic deferrals to the nearest whole dollar amount; or

(e) to reduce the future deferrals in the event that the amount actually deferred for any pay period exceeds, for any reason whatsoever, the amount elected by the Participant. In the alternative, such amount of excess deferral may be refunded to the Participant.

The County shall distribute the amount of a Participant's deferral in excess of the distribution limitations stated in Section 5.1, together with allocable net income or loss, as soon as administratively practicable after the Plan determines that the amount is an excess deferral. For purposes of determining whether there is an excess deferral under Section 5.1, all plans under which a Participant participates as a result of his employment with the County shall be treated as a single plan.

Section 6. Deferral of Compensation:

6.1 During each Employment Period in which the Employee is a Participant in the Plan, the County shall defer payment of such part of the Participant's Compensation as is specified by the Employee in the Participant Agreement which the Participant has executed and filed with the County. The County shall remit such deferred Compensation to the Administrator within 15 business days following the date on which these amounts would otherwise have been paid to the participant.

6.2 Notwithstanding any other provision of this Plan, the County, subject to the limitations of Section 5, may make additional deposits to a Participant's Account as additional Compensation for the services rendered by the Employee to the County during any Employment Period; provided that the Employee has elected to have such additional Compensation deferred, invested, and distributed, pursuant to this Plan, prior to the period in which the Compensation will be earned. The County may make such further deposits to the Plan as the County may deem advisable, subject, however, to the limitations set forth in Section 5.

6.3 Notwithstanding any other provision of this Plan, contributions and benefits with respect to qualified military service shall be provided in accordance with Code Section 414(u). If a Participant dies on or after January 1, 2007 while performing qualified military service (as defined in Section 414(u) of the Code), the Beneficiary of that Participant is entitled, to the extent required by Section 401(a)(37) of the Code, to any additional benefits provided under the Plan as if the Participant had resumed employment on the date immediately before his date of death and then terminated employment on account of death.

Section 7. Investments:

7.1 Investments. The County, or its authorized designee, shall establish one or more Investment Options for the purpose of investing amounts of Compensation credited to Participants' Accounts. Any action by the County in investing deferred compensation or

approving of any such investment of funds, shall not be considered to be either an endorsement or guarantee of any investment, nor shall it be considered to attest to the financial soundness or the suitability of any investment for the purpose of meeting future obligations as provided in Section 8 of this Plan.

7.2 Assets. The Investment Options shall be comprised of mutual fund shares, guaranteed investment accounts with one or more insurance companies or other assets as specified from time to time by the County or its authorized designee. The County may appoint an independent investment advisor who shall also act as fiduciary with respect to the selection of the investment options. The assets constituting any Investment Option shall be held at the discretion of the County by one or more Custodians appointed for this purpose, for the exclusive benefit of Participants and their Beneficiaries and shall not be available for the payment of the County's debts. Neither the existence of an Investment Option nor the appointment of a Custodian, Administrator, or independent investment advisor shall be deemed to entitle any Participant or Beneficiary or creditor of a Participant or Beneficiary to a claim or lien against the assets of the Investment Option, except with respect to the claim by Participants and Beneficiaries for their benefits hereunder.

7.3 Election of Investment Options. Each Participant may allocate the Compensation deferred by him under his Participant Agreement among the Investment Options. A Participant may change his Investment Option choices in accordance with rules established by the Council. Such modification may affect transfers of Compensation already deferred from one Investment Option to another and/or may prospectively change the investments to which future deferrals of Compensation shall be allocated, effective as soon as practicable after the filing of the modification.

7.4 Account. The County shall maintain an Account for each Participant to which shall be credited such Participant's deferred Compensation at such times as it would have been payable but for the terms of his Participant Agreement, and Rollover Contributions, and reduced by the amount of distributions. In addition, each Participant's Account shall be revalued to reflect the investment gains and losses in accordance with the performance of the Investment Options selected by the Participant pursuant to Sections 4.4 and 7.3. Such investment gains and losses shall mean the actual earnings, gains and losses of any Investment Option allocated on a pro-rata basis among the Accounts of those Participants who selected that Investment Option.

7.5 Statements of Accounts. Participants shall be given written statements of the balances of their Accounts with such frequency as the Administrator shall determine, in its sole discretion, but not less frequently than annually.

Section 8. Distribution of Benefits:

8.1 Payments on Separation from Service.

(a) Subject to the provisions of Section 8.5, upon a Participant's severance from employment with the County, as defined by Treasury Regulation Section 1.457-6(b), (and as determined by the County in its sole discretion), the entire amount credited to his Account (less any federal, state or local income tax required to be withheld therefrom) shall be

paid to him as soon as administratively practicable after the payment date elected by Participant. For purposes of this Section 8.1, severance from employment will not include a Participant's change in employment status from permanent full-time or part-time status to an extra help or seasonal status. The payment will be made in a single lump sum unless the Participant elects a different method of payment as provided in Section 8.2 by filing the appropriate form with the Administrator no later than thirty (30) days prior to the Participant's elected payment date.

(b) Subject to the provisions of Sections 8.5 and 8.6, upon an active Participant's attainment of age 70 ½, such Participant may elect to commence distributions of his or her Participant account in accordance with the payment options available under the Plan.

8.2 Optional Forms of Benefit Payment. Subject to the provisions of Section 8.5, as an alternative to (or in combination with) payment in a lump sum, a Participant may elect to receive payment under the Plan in the form of substantially equal monthly, quarterly, or semiannual or annual installments for a period not to exceed the life expectancy of the Participant or the joint life expectancy of the Participant and his Beneficiary, or any ad hoc payment arrangement elected by the Participant, subject to IRC Section 401(a)(9). Alternatively, such a Participant may elect an annuity under any one of the settlement options offered in a commercial annuity contract purchased by the Custodian using the Participant's Account balance for the purpose of providing benefit payments for the life of the Participant or the joint lives of the Participant and his Beneficiary.

8.3 Emergency Withdrawals. Except as otherwise provided in Section 8.5, distributions to or on behalf of a Participant shall be made only in the event of his qualified severance from employment with the County, unless such Participant experiences an Unforeseeable Emergency. "Unforeseeable Emergency" means a severe financial hardship to the Participant resulting from (a) an illness or accident of the Participant, the Participant's spouse, or a dependent of the Participant, (b) the Participant's loss of property due to casualty, or (c) other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant. Examples of events which may cause an "Unforeseeable Emergency" are catastrophic illness, flood, fire, earthquake, death in the family or disabling injury. The need to pay for the funeral expenses of the Participant's spouse, a Participant's domestic partner who is named as a primary beneficiary under the Plan and is formally registered with the California Secretary of State, or dependent, or the need to pay for medical expenses, including non-refundable deductibles and the cost of prescription drug medication, may constitute an Unforeseeable Emergency. For purposes of this paragraph, the term "dependent" means a dependent as defined in Section 152 of the Code but without regard to Sections 152(b)(1), (b)(2), and (d)(1)(B) of the Code. Withdrawals will not be permitted for expenditures normally budgetable, such as, but not limited to, a down payment on a home, purchase of an automobile, or education expenses. Withdrawal will not be allowed to the extent that the hardship may be relieved (i) through reimbursement or compensation by insurance or otherwise, (ii) by liquidation of the Participant's assets (to the extent such liquidation would not itself cause severe financial hardship), or (iii) by cessation or temporary suspension of deferrals under the Plan. Withdrawals of amounts because of an Unforeseeable Emergency will be permitted only to the extent reasonably needed to satisfy the emergency. A Participant who experiences such an Unforeseeable Emergency may apply to the County for a withdrawal which shall be permitted, in accordance with rules established by the Administrator, who makes the final decision, only to the

extent it complies with the requirements of this Section 8.3. A Participant who has experienced an Unforeseeable Emergency must first apply for a Plan Loan under Section 8.4 before an emergency withdrawal will be permitted. Any amount approved hereunder for emergency withdrawal shall be paid to the Participant in a single lump sum (less any applicable withholding taxes). The withdrawal shall be effective at the later of the date specified in the Participant's application or the date approved by the Administrator. If a Participant elects to receive a withdrawal from the Plan as a result of the application of this section, the Participant cannot defer Compensation into the Plan during the 2-year period beginning on the date of such withdrawal.

8.4 Loans. The Council is authorized to adopt rules permitting a Participant to take a loan against his Account.

8.5 Payments on the Death of a Participant.

(a) Death After Benefit Commencement. If the Participant dies after having begun to receive installment payments in accordance with Section 8.2, payment of the remainder of such scheduled payments shall be suspended for a period of sixty (60) days after the Participant's death. During such sixty-day suspension period, the Beneficiary of such Participant may elect to receive the balance then credited to the Participant's Account in a single lump sum or in installments as specified under Section 8.2, provided that the Participant's Account will be distributed to the Beneficiary at least as rapidly as under the method of distribution being used prior to the Participant's death. If no such election is made by the Beneficiary by the end of the sixty (60)-day suspension period, the remaining installment payments selected by the Participant shall be paid to the Beneficiary.

(b) Death Prior to Benefit Commencement. If the Participant dies before distribution of his Account commences, his Beneficiary shall receive distribution of such Participant's Account as provided under Sections 8.1 and 8.2, treating the Beneficiary as if he were the Participant; provided, however:

(i) if the Beneficiary is not the Participant's surviving spouse, the Beneficiary must either elect a distribution payable over a period not extending beyond the life expectancy of the Beneficiary, commencing no later than the end of the calendar year following the calendar year in which the Participant died, or elect a lump sum to be made no later than the end of the calendar year which contains the fifth anniversary of the date of death of the Participant and in the event no election is made, a lump sum payment of the Account balance shall be made by the end of such calendar year.

(ii) if the Beneficiary is the Participant's surviving spouse, surviving spouse may elect a lump sum payment or installments payable over a period not extending beyond the life expectancy of the surviving spouse. Distributions to the surviving spouse must commence on or before the later of the calendar year immediately following the calendar year in which the Participant died or the year the Participant would have attained age 70 ½. If the surviving spouse dies before his or her payments begin, subsequent distributions shall be made as if the surviving spouse had been the Participant. For purposes of this Subparagraph, payments will be calculated by use of the return multiples specified in Section 1.72-9 of the Treasury Regulations, without recalculation of life expectancies.

8.6 Provisions Required Pursuant to Code Section 401(a)(9).

(a) Timing and Amount of Required Distributions.

(i) Notwithstanding any provision of the Plan to the contrary, to the extent required by Section 401(a)(9) of the Code, distribution of a Participant's entire Account shall commence not later than April 1 following the calendar year in which he attains age 70-1/2, provided the Participant has separated from service with the County. Unless the form of distribution is a single lump sum payment, distributions shall be made over a period not exceeding the life expectancy of the Participant, or the joint life expectancy of the Participant and his Beneficiary.

(ii) If the Participant's entire Account is to be distributed in a form other than a single lump sum payment, then the amount to be distributed each year must be at least an amount equal to the quotient obtained by dividing the Participant's entire Account balance (determined as of the last valuation date of the preceding calendar year) by the life expectancy of the Participant or (if applicable) the joint life expectancy of the Participant and his designated Beneficiary. Life expectancy and joint life expectancy shall be computed by the use of the return multiples contained in Section 1.72-9 of the Treasury Regulations. For purposes of this computation, life expectancies may not be recalculated.

(b) Interpretation. To the extent required by Code Section 401(a)(9), the provisions of this Section 8.6 shall override any distribution options in the Plan that are inconsistent with this Section. All distributions under the Plan shall be made in accordance with Regulations issued under Section 401(a)(9) of the Code.

8.7 Inactive Accounts. Notwithstanding any other provision herein to the contrary, a Participant may elect distribution of his or her entire Account balance (less any required federal or state taxes to be withheld) prior to a qualified severance from employment in the event that all of the following conditions apply:

(a) The Account balance does not exceed \$5,000;

(b) No deferral of Compensation has been made by the Participant within the two-year period ending on the date of the distribution; and

(c) There has been no previous distribution to the Participant from the Plan pursuant to this Section 8.7.

8.8 Direct Rollover Distributions.

(a) Availability. Notwithstanding any provision of the Plan to the contrary that would otherwise limit a distributee's election under this Plan, a distributee may elect, at the time and in the manner prescribed by the County, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the distributee in a Direct Rollover.

(b) Definitions.

(i) Eligible Rollover Distribution. An Eligible Rollover Distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an Eligible Rollover Distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; and any distribution to the extent such distribution is required under Section 401(a)(9) of the Code and any distribution described in Section 8.3. In accordance with the Regulations, a new determination of whether a distribution is an Eligible Rollover Distribution shall be made whenever a Participant who is receiving payments changes his or her distribution schedule or amount such that subsequent payments are not substantially equal to prior payments.

(ii) Eligible Retirement Plan. An Eligible Retirement Plan is an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, a Roth individual retirement account described in Section 408A of the Code, a qualified trust described in Section 401(a) of the Code, an annuity plan described in Section 403(a) of the Code, an eligible deferred compensation plan described in Section 457(b) of the Code which is maintained by an eligible employer described in Section 457(e)(1)(A) of the Code, or an annuity contract described in Section 403(b) that accepts the Distributee's Eligible Rollover Distribution.

(iii) Distributee. A Distributee includes an Employee or former Employee. In addition, the Employee's or former Employee's surviving spouse and the Employee's or former Employee's spouse or former spouse who is the Alternate Payee, are distributees with regard to the interest of the spouse or former spouse. A Distributee also includes a non-spouse designated Beneficiary but solely for purposes of making a direct rollover to an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code or a Roth individual retirement account described in Section 408A of the Code established as an inherited individual retirement account on behalf of the non-spouse designated Beneficiary.

(iv) Direct Rollover. A Direct Rollover is a payment by the Plan to an Eligible Retirement Plan specified by the Distributee.

(c) Purchase of Service Credit. At the discretion of the County, a Participant may use all or a portion of an account balance as a direct trustee-to-trustee transfer to a retirement system to purchase permissive service credit or redeposit previously withdrawn contributions under a governmental plan (as defined in IRC Section 414(d)), provided that (a) the retirement system permits such a transfer, and (b) the Participant demonstrates to the Administrator's satisfaction that the transfer is to a governmental plan (as defined in IRC Section 414(d)) and the transfer involves the purchase of permissive service credits (as defined in Code Section 415(n)(3)(A)) or for the repayment of service credits permissible by IRC Section 415(k)(3).

8.9 Nonassignability. The interest of a Participant in the contractual obligation of the County, established by the Plan, shall not be assignable in whole or in part, directly or by operation of law or otherwise, in any manner. Notwithstanding the foregoing, the right to benefits payable with respect to a Participant pursuant to a Domestic Relations Order may be created, assigned or recognized. The Council shall establish reasonable procedures to determine the qualified status of Domestic Relations Orders and to administer distributions under such orders, including the establishment of a separate Account for the Alternate Payee. In the event a Domestic Relations Order exists with respect to a benefit payable under the Plan, such benefits otherwise payable to a Participant as are determined under the Domestic Relations Order will be payable to the Alternate Payee specified in the Domestic Relations Order. In addition, anything in the Plan to the contrary notwithstanding, the Council shall follow any distribution requirement contained in a Domestic Relations Order that provides for an earlier lump sum distribution to the Alternate Payee than would otherwise be permitted under the Plan, without regard to whether the Participant has terminated employment with the County.

8.10 Rollover Contributions. A Participant may withdraw Rollover Contributions made pursuant to Section 9.4 below at any time in accordance with procedures established by the Council.

Section 9. Miscellaneous:

9.1 No Effect on Employment. Neither the establishment of the Plan nor any modification thereof, nor the establishment of any Account, nor any agreement between the County and the Custodian or trustee, nor the payment of any benefits, shall be construed as giving to any Participant or other person any legal or equitable right against the County except as herein provided, and in no event shall the terms of employment of the Employee or Participant be modified or in any way affected hereby.

9.2 Assets of Plan. It is a condition of this Plan, and each Employee by participating herein expressly agrees, that he shall look solely to the assets of the Plan for the payment of any benefit to which he is entitled under the Plan.
