KP Preventive Care

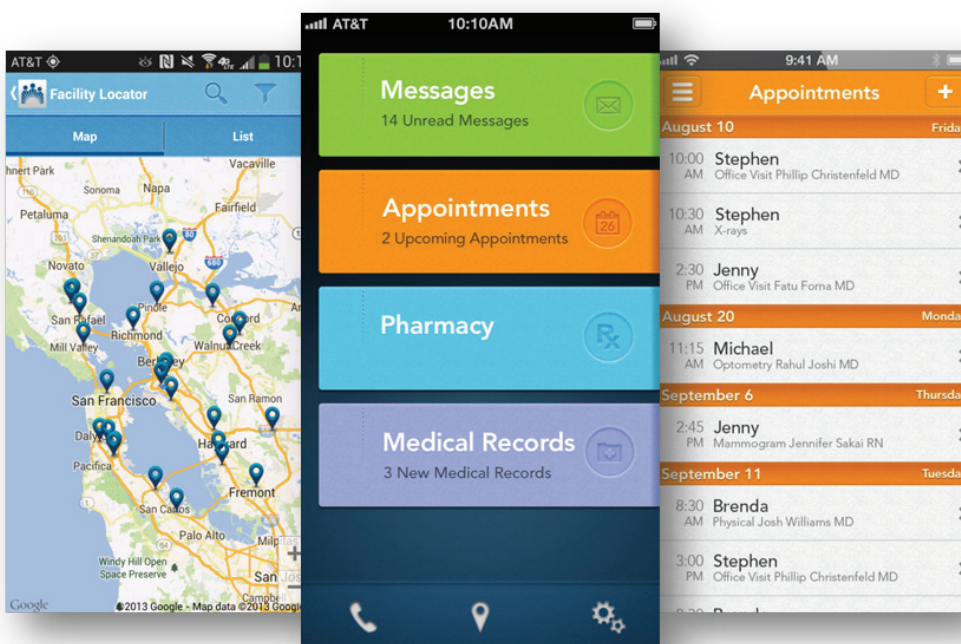

Every Body Walk!

KP HRA/HSA/FSA
Balance Tracker

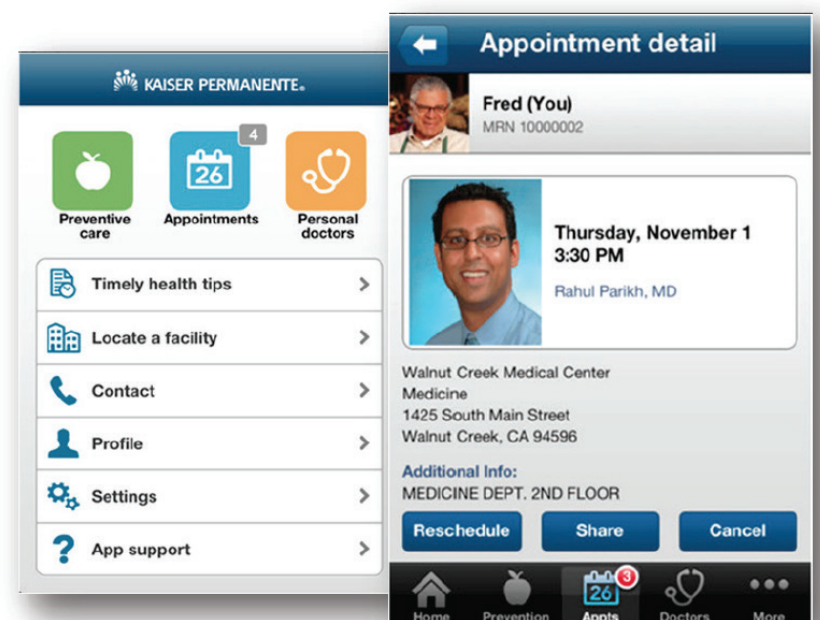

KP Mobile

with our new version of KP Mobile, members will be able to access the slices of information that are most important to them in just a few swipes of their fingertips. They will see on the first screen any new information pertaining to their health, and appointments will integrate seamlessly with their calendar and map applications. Behind the scenes, expanded functionality has led to improved speed and integration with the rest of the user's mobile experience. Last and not least, the hearing and vision impaired can now access an ADA compliant user interface.

KP Preventive Care

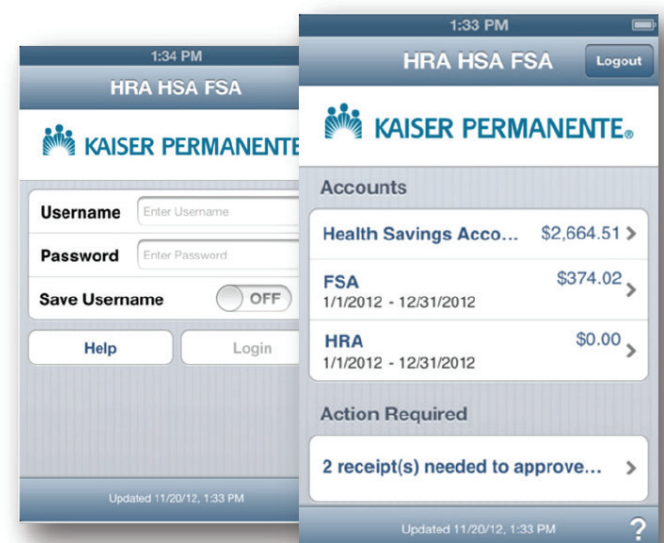

Offers Northern California members personalized health reminders with convenience in mind. Get appointment reminders with one-click cancellation, screening tests and immunization reminders, and timely health tips.

Every Body Walk!

Track all aspects of your walks including distance, time and calories burned. You can watch your progress en route, save your walking history for future reference, and share your walks with friends and family via Facebook and Twitter.

KP HRA/HSA/FSA Balance Tracker

Track health care spending for individuals on the go. Manage your Health Reimbursement Arrangement (HRA), Health Savings Account (HSA) and Flexible Spending Accounts (FSA).
