3. MODIFICATION: Any matters of this Agreement may be modified from time to time but only by the written consent of all the parties hereto without, in any way, affecting the remainder hereof.

Your summary of benefits

Notes:

- This Summary of Benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this Summary of Benefits. This Summary of Benefits, as updated, is subject to the approval of the California Department of Insurance and the California Department of Managed Health Care (as applicable).
- In addition to the benefits described in this summary, coverage may include additional benefits, depending upon the member's home state. The benefits provided in this summary are subject to federal and California laws. There are some states that require more generous benefits be provided to their residents, even if the master policy was not issued in their state. If the member's state has such requirements, we will adjust the benefits to meet the requirements.
- The family deductible and out-of-pocket maximum are embedded meaning the cost shares of one family member will be applied to the individual deductible and individual out-of-pocket maximum; in addition, amounts for all family members apply to the family deductible and family out-of-pocket maximum. No one member will pay more than the individual deductible and individual out-of-pocket maximum.
- All medical services subject to a coinsurance are also subject to the annual medical deductible.
- Annual Out-of-Pocket Maximums includes deductible, copays, coinsurance and prescription drug.
- Preventive Care Services includes physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- For plans with an office visit copay, the copay applies to the actual office visit and additional cost shares may apply for any other service performed in the office (i.e., X-ray, lab, surgery), after any applicable deductible.
- If your plan includes an emergency room facility copay and you are directly admitted to a hospital, your emergency room facility copay is waived.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- Additional visits maybe authorized if medically necessary. Pre-service review must be obtained prior to receiving the additional services.

- Respite Care limited to 5 days per admission.
- Freestanding Lab and Radiology Center is defined as services received in a non-hospital based facility.

SJVIA County of Fresno Modified Health Savings Account (HSA) Anthem PPO HSA-H (1500/2800/80/60)

PPO Benefits

This plan is an innovative type of coverage that allows an insured person to use a Health Savings Account to pay for routine medical care. The program also includes traditional health coverage, similar to a typical health plan that protects the insured person against large medical expenses.

The insured person can spend the money in the HSA account the way the insured person wants on routine medical care, prescription drugs and other qualified medical expenses. There are no copays or deductibles to satisfy first. Unused dollars can be saved from year to year to reduce the amount the insured person may have to pay in the future. If covered expenses exceed the insured person's available HSA dollars, the traditional health coverage is available after a limited out-of-pocket amount is paid by the insured person. Certain Covered Services have maximum visit and/or day limits per year. The number of visits and/or days allowed for these services will begin accumulating on the first visit and/or day, regardless of whether your Deductible has been met. The insured person is responsible for all costs over the plan maximums. Plan maximums and other important information appear in *italics*. Benefits are subject to all terms, conditions, limitations, and exclusions of the Policy.

Subject to Utilization Review

Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.

Explanation of Maximum Allowed Amount

Maximum Allowed Amount is the total reimbursement payable under the plan for covered services received from Participating and Non-Participating Providers. It is the payment towards the services billed by a provider combined with any applicable deductible, copayment or coinsurance.

Participating Providers- The rate the provider has agreed to accept as reimbursement for covered services. Members are not responsible for the difference between the provider's usual charges & the maximum allowed amount.

Non-Participating Providers & Other Health Care Providers-(includes those not represented in the PPO provider network)-Reimbursement amount is based on: an Anthem Blue Cross rate or fee schedule, a rate negotiated with the provider, information from a third party vendor, or billed charges.

For Medical Emergency care rendered by a Non-Participating Provider or Non-Contracting Hospital, reimbursement may be based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.

Participating Pharmacies & Home Delivery Program-members are not responsible for any amount in excess of the prescription drug maximum allowed amount. Non-Participating Pharmacies-members are responsible for any expense not covered under this plan & any amount in excess of the prescription drug maximum allowed amount.

When using non-participating providers, the insured person is responsible for any difference between the covered expense & actual charges, as well as any deductible & percentage copay.

When using the outpatient prescription drug benefits, the insured person is always responsible for drug expenses which are not covered under this plan, as well as any deductible, percentage or dollar copay.

Calendar Year Deductible (*applicable to medical care & prescription drug benefits; the single deductible is applicable to a member that is enrolled as the only covered person on the plan (no dependents). Two or more people can accumulate towards the family deductible.*)

No one member will pay more than the per member deductible of \$2,800. The deductibles accumulate (embedded) individuals on a family plan)

For all Providers \$1,500 single/\$2,800 per member/ \$3,000 family

Individual can receive benefits once individual deductible has been met.

Annual Out-of-Pocket Maximums (*in-network/out-of-network out-of-pocket maximums are exclusive of each other; includes calendar year deductible & prescription drug covered expense*)

➤ Participating Providers, Participating Pharmacy & Other Health Care Providers \$3,000 single/\$3,000 per member/; \$5,000 family

➤ Non-Participating Providers & Non-Participating Pharmacy \$10,000 single/\$10,000 per member/ \$15,000 family

The following do not apply to out-of-pocket maximums: costs in excess of the covered expense & non-covered expense. After an individual insured person or insured family (*includes insured employee & one or more members of the employee's family*) reaches the out-of-pocket maximum for all medical and prescription drug covered expense the individual insured person or insured family incurs during that calendar year, the individual insured person or insured family will no longer be required to pay a copay for the remainder of that year. The individual insured person or insured family remains responsible for costs in excess of the covered expense when provided by non-participating providers and other health care providers; non-covered expense.

SJVIA County of Fresno Modified Health Savings Account (HSA) Anthem PPO HSA (3000/100/50)

This plan is an innovative type of coverage that allows an insured person to use a Health Savings Account to pay for routine medical care. The program also includes traditional health coverage, similar to a typical health plan that protects the insured person against large medical expenses.

The insured person can spend the money in the HSA account the way the insured person wants on routine medical care, prescription drugs and other qualified medical expenses. There are no copays or deductibles to satisfy first. Unused dollars can be saved from year to year to reduce the amount the insured person may have to pay in the future. If covered expenses exceed the insured person's available HSA dollars, the traditional health coverage is available after a limited out-of-pocket amount is paid by the insured person. Certain Covered Services have maximum visit and/or day limits per year. The number of visits and/or days allowed for these services will begin accumulating on the first visit and/or day, regardless of whether your deductible has been met. The insured person is responsible for all costs over the plan maximums. Plan maximums and other important information appear in *italics*. Benefits are subject to all terms, conditions, limitations, and exclusions of the Policy.

Subject to Utilization Review

Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.

Explanation of Maximum Allowed Amount

Maximum Allowed Amount is the total reimbursement payable under the plan for covered services received from Participating and Non-Participating Providers. It is the payment towards the services billed by a provider combined with any applicable deductible, copayment or coinsurance.

Participating Providers- The rate the provider has agreed to accept as reimbursement for covered services. Members are not responsible for the difference between the provider's usual charges & the maximum allowed amount.

Non-Participating Providers & Other Health Care Providers-(includes those not represented in the PPO provider network)-Reimbursement amount is based on: an Anthem Blue Cross rate or fee schedule, a rate negotiated with the provider, information from a third party vendor, or billed charges. For Medical Emergency care rendered by a Non-Participating Provider or Non-Contracting Hospital, reimbursement may be based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.

Participating Pharmacies & Home Delivery Program-members are not responsible for any amount in excess of the prescription drug maximum allowed amount. **Non-Participating Pharmacies-**members are responsible for any expense not covered under this plan & any amount in excess of the prescription drug maximum allowed amount.

When using non-participating providers, the insured person is responsible for any difference between the covered expense & actual charges, as well as any deductible & percentage copay.

When using the outpatient prescription drug benefits, the insured person is always responsible for drug expenses which are not covered under this plan, as well as any deductible, percentage or dollar copay.

Calendar year deductible for all providers

(applicable to medical care & prescription drug benefits)

- Individual insured person \$3,000/individual insured person
- Insured family \$6,000/insured family

Individual can receive benefits once individual deductible has been met

Annual Out-of-Pocket Maximums *(in-network/out-of-network out-of-pocket maximums are exclusive of each other; includes calendar year deductible & prescription drug covered expense)*

- Participating Providers, Participating Pharmacy & Other Health Care Providers \$3,000/individual insured person; \$6,000/insured family/year
- Non-Participating Providers & Non-Participating Pharmacy \$5,000/individual insured person; \$10,000/insured family/year

The following do not apply to out-of-pocket maximums: costs in excess of the covered expense & non-covered expense. After an individual insured person or insured family *(includes insured employee & one or more members of the employee's family)* reaches the out-of-pocket maximum for all medical and prescription drug covered expense the individual insured person or insured family incurs during that calendar year, the individual insured person or insured family will no longer be required to pay a copay for the remainder of that year. The individual insured person or insured family remains responsible for costs in excess of the covered expense when provided by non-participating providers and other health care providers; non-covered expense.

Frequently Asked Questions

How do I find a participating network pharmacy?

You can use your EmpiRx Health ID card at over 68,000 pharmacies nationwide including all pharmacy chains. You can find a network pharmacy by logging onto www.empirxhealth.com or calling 877-262-7435.

What is a prior authorization and why is it necessary?

Certain medications require prior authorization (PA) because of their potential side effects, potentially harmful interactions with other prescription medications, or to confirm they are being prescribed in accordance with Food & Drug Administration (FDA) approved indications. This process is designed to help ensure your health and safety. If a PA is needed, EmpiRx Health will work directly with your physician to obtain the necessary information prior to fulfillment.

How do I find out if a particular prescription is covered by my benefits?

Call 877-262-7435 to speak to a representative who can assist you with drug coverage questions or log onto www.empirxhealth.com for details.

How can I find out if generic or lower cost alternatives may be available to me?

Log into the member portal at www.empirxhealth.com and select "Drug Pricing." Search your medication and if there is a generic available, you will see the cost for both the brand as well as the generic. You can also call 877-262-7435 to speak to a representative who can assist you, or consult your physician or pharmacist to determine if generic equivalents are available for your prescription.

Why does my copay change from month to month?

The cost of medications changes regularly and prices are not all the same at each pharmacy. If your copay is based on a percentage rather than a fixed dollar amount then depending on the pharmacy you use and the cost of the medication at the time your prescription is filled, you may see a variation in your copay amount.

Your Prescription Benefit Program

Annual Maximum Out of Pocket Amount

Your plan includes a \$2,000 individual / \$4,000 family annual maximum out of pocket amount.

Retail Pharmacy Copayment

You are responsible to pay the retail pharmacist the copayment per prescription which is listed below:

30-Day Supply	90-Day Supply
\$10.00 for a Generic Medication	\$20.00 for a Generic Medication
\$20.00 for a Preferred Brand Medication	\$40.00 for a Preferred Brand Medication
\$35.00 for a Non-Preferred Brand Medication	\$70.00 for a Non-Preferred Brand Medication

This is a Dispense As Written Plan (DAW), meaning your pharmacist must dispense the generic equivalent drug when one is available unless your physician specifically requests the brand be dispensed. If you request the brand name medication from your pharmacist, you are responsible for the difference in cost between the brand and the generic plus the copayment.

Retail quantities will be dispensed according to your physician's instructions written on the prescription up to a maximum of a 90-day supply.

Please Note: If the cost of your medication is less than your calculated copayment, you will only pay the cost of the medication.

Mail Order Pharmacy Copayment

Maintenance medications can be submitted to Benecard Central Fill, the EmpiRx Health mail order facility. Your plan allows for up to a 90-day supply with three (3) refills, according to your physician's instructions. Your copay amount will be:

\$15.00 for a Generic Medication
\$30.00 for a Preferred Brand Medication
\$60.00 for a Non-Preferred Brand Medication

Specialty Medication Copayment

Specialty medications are high-cost biotechnology drugs requiring special distribution, handling, and administration. These medications are typically designed to treat chronic diseases.

\$10.00 for a Generic Specialty Medication
\$20.00 for a Preferred Brand Specialty Medication
\$35.00 for a Non-Preferred Brand Specialty Medication

Specialty medications can be filled one (1) time at a retail pharmacy. All future prescriptions must be obtained at Benecard Central Fill's Specialty Pharmacy. Please note that specialty medications are limited to a 30-day supply.

- Drug information
- Recent personal drug utilization history including the amount you have paid and what the plan has paid on your behalf. This is helpful for year-end tax purposes

Registration is easy! Along with your EmpiRx Health ID card, you will need basic member information, a phone number and an email address. Refer to our website periodically for the most recent pharmacy network finder and preferred medication list.

Preferred Medication List

The Preferred Medication List is a guide for selecting clinically and therapeutically appropriate medications. It should not take the place of a physician's or pharmacist's judgment with regard to a patient's pharmaceutical care. Refer to www.empirxhealth.com for the most recent version of the Preferred Medication List.

Exclusions

Your prescription program covers most Medically Necessary, Federal Legend, State Restricted and Compounded Medications which, by law, may not be dispensed without a prescription.

Be sure to present your EmpiRx Health ID card at a participating network pharmacy to receive a discount off the retail price of medications that may not be covered.

Retail Pharmacy Network

Your EmpiRx Health prescription benefit program provides you with access to an extensive national pharmacy network, including all chain pharmacies and most independents. This plan allows for a 90-day supply of maintenance medications. Your ID card provides all the information your pharmacist will need to process your prescription through EmpiRx Health. To locate a participating network pharmacy, log onto www.empirxhealth.com or call EmpiRx Health Member Services toll-free at 877-262-7435 (TDD: 1-888-907-0020).

Mail Order Pharmacy

The EmpiRx Health mail service pharmacy, Benecard Central Fill, is an option for you to obtain maintenance medications. Typically, prescriptions filled through mail service include medications used to treat chronic conditions and are written for up to a 90-day supply, plus refills. Prescriptions that you need to use right away should always be taken to your local pharmacy. You do have the option to obtain 90-day supplies through the retail network.

For your first order, complete the enclosed Mail Service Order Form and mail it along with your original prescription using the pre-addressed envelope provided to Benecard Central Fill. You can also have your physician submit your prescription electronically to Benecard Central Fill or fax your prescription to 1-888-907-0040. Be sure that your physician includes the cardholder name, ID number, shipping address, and patient's date of birth. Only prescriptions faxed from a doctor's office will be accepted via fax.

To order refills you have three options:

- **Internet:** Visit www.empirxhealth.com. If you have not yet registered, click on Register. If you are a registered user, log in and select Mail Order.
- **Phone:** Call Member Services toll-free, 877-262-7435, 24 hours a day, 7 days a week and use the prompts to order your refills. Have your identification number and credit card information ready.
- **Mail:** Send the Refill Request Order Form provided with your last shipment back to Benecard Central Fill mail service in the pre-addressed envelope

EmpiRx Health does NOT automatically refill your prescriptions.

To avoid delays, always include the appropriate copayment (if applicable) when your order is placed. Visa, MasterCard, Discover, or American Express and debit cards are accepted. You may also pay by check or money order made payable to Benecard Central Fill. Please do not send cash. Please allow up to two (2) weeks for delivery. Emergency prescriptions can be expedited at an additional charge.

Specialty Pharmacy

Specialty pharmaceuticals are typically produced through biotechnology, administered by injection, and/or require special handling and patient monitoring.

Through the Specialty Pharmacy, you receive personalized attention to help you manage your medical condition including one-on-one counseling with our team of pharmacists and trained medical professionals.

Our clinical team partners with you and your prescribing doctor to ensure you understand:

- How to manage your condition
- What medications you have been prescribed
- How to take your medication
- What lower cost options may be available
- How to coordinate delivery of your medication
- How to safely handle and store your medication

Shipments will arrive in secure, temperature-controlled packaging (if necessary) and will include everything you will need to take your medication. Due to the sensitive nature of specialty medications, some packages may require a signature.

Where Can I Ship My Medications?

We offer the convenience you need. Your medication can be shipped directly to:

- Your home
- Your work
- Your doctor's office
- Or a convenient location of your choice

Save with Generic Medications

Generic equivalent drugs must meet the same Food & Drug Administration (FDA) standards for purity, strength, and safety as brand name drugs. They also must have the same active ingredients and identical absorption rate within the body as the brand name version. If you wish to take advantage of this savings opportunity, speak with your physician about the use of generics. You may also consult with your pharmacist regarding generic drug options that may be available to you.

ID Cards

If your ID card is lost, you may print a temporary card online at www.empirxhealth.com. If there is an emergency and you need a prescription filled, call EmpiRx Health Member Services toll-free at 877-262-7435 (TDD: 1-888-907-0020) and we will provide your pharmacist with the required information to facilitate processing the claim.

Direct Member Reimbursement

If you must pay out-of-pocket for your medication which is covered by your plan, submit a Direct Member Reimbursement Form, which is available online at www.empirxhealth.com. You will need to provide an itemized receipt showing: the amount charged, prescription number, medication dispensed, manufacturer, dosage form, strength, quantity, and date dispensed. Your pharmacist can assist you if you do not have a detailed receipt. Direct reimbursement is based upon your plan benefits and the amount reimbursed may be significantly lower than the retail price you paid; therefore, always try to use a participating network pharmacy and present your ID card to reduce any unnecessary out-of-pocket expenses.

We're pleased to be your partner in maintaining great oral health. The Delta Dental PPO* plan makes it easy for you to find a dentist, and easy to control your costs when you visit a network dentist. Here are some of the great things you'll need to know about enrolling with Delta Dental:

- **Save money with a Delta Dental PPO dentist.** Our PPO network dentists accept reduced fees for covered services they provide you, so you'll usually pay the least when you visit a PPO network dentist. This also ensures Delta Dental dentists won't balance bill you the difference between the contracted amount and their usual fee.
- **Visit the dentist of your choice.** Want to visit a non-Delta Dental dentist? No problem. You can visit any licensed dentist, but your costs are usually lowest when you see a PPO dentist.
- **Many network dentists to choose from.** Since Delta Dental offers access to some of the largest dentist networks in the U.S., chances are there's a wide choice of network dentists near your home or office. Four out of five dentists nationwide are contracted Delta Dental dentists, giving more enrollees convenient access to more dentists. Visit us at deltadentalins.com to search our dentist directory by location or specialty.
- **Easy to use your benefits.** When you visit a Delta Dental dentist, pay only your portion for services. Delta Dental dentists will file claim forms for you and receive payment directly from us. Many non-Delta Dental dentists ask that you pay the entire cost up front and wait for reimbursement.
- **Delta Dental's Online Services make getting information quick and easy.** Access your benefits and eligibility, print ID cards and get information about your claims. And check out Delta Dental's oral health resources for tips and information that can help keep your smile healthy.

Save money with a Delta Dental PPOSM dentist

Although you can visit any dentist, you'll usually pay less when you visit a Delta Dental PPO dentist.

- PPO dentists agree to accept Delta Dental contracted fees as full payment.
- Your share of the bill will likely be lower than when you visit a non-Delta Dental dentist.

Find a Delta Dental PPO dentist

Delta Dental PPO, our preferred provider organization (PPO) plan,* provides access to the largest network of its kind nationwide.

Your out-of-pocket costs are usually lowest when you visit a PPO dentist.

To find the most current listing of our network dental offices:

- Visit our website and click on "Find a Dentist" on our home page.
- Select "Delta Dental PPO" as your plan network.

Is your dentist a Delta Dental PPO dentist?

We recommend that you verify your current dentist's participation in the Delta Dental PPO network. Simply asking if a dentist "accepts Delta Dental" does not guarantee he or she is a PPO dentist.

- Ask specifically if he or she is a contracted Delta Dental PPO dentist.
- You should verify your dentist's participation before each dental appointment.

* In Texas, Delta Dental Insurance Company offers a Dental Provider Organization (DPO) plan.

** Please review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan's dentist network.

Maximum choice

The Delta Dental Premier[®] network — our larger network consisting of nearly 80 percent of dentists nationwide — provides cost-saving features and is the next best option if you can't find a PPO dentist. You can find a Premier dentist using our online dentist directory.

- Premier dentists' contracted fees are usually somewhat higher than PPO dentists' contracted fees.
- Premier dentists will not bill you above their contracted fees, so you still receive cost protections not available with a non-Delta Dental dentist.**

Easy to use

- No ID card is required to receive services; simply provide the dental office with your name, date of birth and social security or enrollee ID number.
- No claim forms to file — Delta Dental dentists file claim forms for you and accept payment directly from Delta Dental.
- After a claim has been processed, you will receive a dental benefits statement from Delta Dental. This document lists the services provided, the costs of the dental treatment and the amount of any fees you owe your dentist.

Dual coverage/Coordination of benefits

If your spouse has coverage with another dental plan, you or your family members may be covered by both dental plans.*

- The two plans will likely coordinate benefits to potentially lower your out-of-pocket costs.
- Ask your dentist to submit the other plan's Explanation of Benefits with the Delta Dental claim form and we'll take it from there.

Orthodontic treatment in progress

If your Delta Dental plan includes orthodontic benefits, payment for orthodontic treatment in progress depends on the specific provisions of your plan. Typically, treatment in progress is covered and Delta Dental begins paying during the first eligible month. Under some plans, however, you may not be eligible for work in progress or you may lose eligibility if your coverage has lapsed for more than 30 or 60 days.

Transitioning from another plan?

Delta Dental covers treatment started and completed after your plan's effective date of coverage. If you have any dental treatment in progress when your coverage begins — such as root canals, crowns and bridgework — those expenses are not covered by Delta Dental. Those costs may either be your responsibility or that of your previous dental carrier.

Visit our website: deltadentalins.com

On our website, you can:

- Find a dentist in our online directory
- Review benefits
- Check claim status
- Print an ID card and much more

To access some services, you'll need to log in: simply enter your user name and password in the designated boxes and submit. If you are visiting our website for the first time, you'll need to complete a quick one-time registration process by clicking the "Register Today" link.

Talk to your dentist about your health and treatment options

When you visit the dentist, be sure to share your dental and medical history and any prior complications. Dentists can identify signs of more serious health conditions and should be made aware of health information that may be critical to your dental care.

If you have questions, you can check your benefits, eligibility and claims information on our website or on our interactive voice response telephone line. Procedures not listed above are not covered, however, may be available at the Contract Dentist's "filed fees." "Filed fees" mean the Contract Dentist's fees on file with Delta Dental. Questions regarding these fees should be directed to the Customer Service department at 800-422-4234.

SCHEDULE B**Limitations of Benefits**

1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments*.
2. If the Enrollee accepts a treatment plan from the Contract Dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, the Enrollee may be charged an additional \$100.00 above the listed Copayment for each of these services after the sixth unit has been provided.

Easy to use

- No ID card is required to receive services; simply provide the dental office with your name, date of birth and social security or enrollee ID number.

Specialty care and authorizations

If you require treatment from a specialist, your DeltaCare USA general dentist will coordinate any referrals for you.

In some states, Delta Dental must pre-authorize any dental services, with the exception of emergency treatment, that are not performed by your DeltaCare USA general dentist. Please refer to your plan booklet for specific details about your plan.

DELTA CARE USA

Dual coverage/Coordination of benefits

If your spouse has coverage with another dental plan, you or your family members may be covered by both dental plans.*

- We do not coordinate benefits with the other plan when you receive treatment from your DeltaCare USA general dentist. However, if you receive authorized treatment from a specialist (such as an oral surgeon), we will coordinate benefits with the other carrier.
- Ask your specialist to submit the other plan's explanation of benefits with the DeltaCare USA claim form and we'll take it from there.

Orthodontic treatment in progress

DeltaCare USA has an orthodontic treatment-in-progress provision that allows new enrollees to continue treatment with their current orthodontist, as long as the enrollee is in active treatment started under his or her previous employer-sponsored dental plan. Enrollees are responsible for all copayments and fees subject to the provisions of their prior dental plan.**

Transitioning from another plan?

Your DeltaCare USA plan covers treatment started and completed only after your plan's effective date of coverage. If you have any dental treatment in progress when your coverage begins — root canals in progress, teeth prepared for crowns and dentures for which an impression has been taken — those expenses are not covered by your DeltaCare USA plan. However, DeltaCare USA plans have no exclusion for pre-existing dental conditions or missing teeth.

* Group-specific exceptions may apply. Please review your plan booklet for specific details about your plan's coordination of benefits, including rules for determining primary and secondary coverage.

** This provision may not apply to all plans. Please refer to your plan booklet for specific coverage details.
